NEWS SUMMARY.

BY TELEGRAPH.

McCoole and Coburn were indicted by the Grand Jury of Dearborn county at Lawrenceburg, Indiana, yesterday morning, and sentenced to forty days' imprisonment and are now in jail.

A Montreal special says the troops in the garrison here are under orders. The soldiers' wives at St. Johns have been ordered out of the barracks, and accommodations for 1,000 troops are being prepared. The hospitals are provided with field panniers. Government detectives are watching the frontier.

Dr. Manley, of South Carolina, in the Baptist Home Missionary Society, New York, made a speech Wednesday afternoon, in which he opposed the views of Dr. Fuller, of Gettysburg. He says the Southern people are willing to give the negro all his rights under the law, and they will do no more, unless compelled.

The Grant and Colfax ratification meeting in New York, Wednesday night, was an immense affair. There were a great many conservative Republicans and war Democrats present, and seemed greatly interested.

The 14th of September has been fixed as the day on which the new trial of General Cole, for the murder of L. Harris Hiscock, will commence at Albany, N. Y.

A Savannah, Ga., dispatch of Wednesday says: Great enthusiasm was manifested here by all classes of people on the receipt of the news of the final defeat of impeachment. The newspaper offices, the Metropolitan fire com- [illegible]

Impeachment.

PARIS, May 28.—All the leading journals have editorials on the result of impeachment of the President of the United States. The *Moniteur* says the radical party has lost ground without gaining the end which it proposed. The *Presse* thinks the result not final, and believes the nation will decide the issue in the coming Presidential election. *L'Opinion* regrets the vote of seven Republican Senators for acquittal, and attributes their action to fears that the conviction of the President might precipitate a crisis.

Epsom Races.

LONDON, May 28.—In the Epsom races Her Majesty's plate of 100 guineas was won by Baron Rothschild's four year old filly Biggin. The betting was six to one on the field. The four year old stakes of fifty sovereigns each, was won by Mr. De Montgomery's colt Fortuna, bred in France. The two year old stakes, ten sovereigns each, one hundred sovereigns added, was won by Mr. Chaplain's Sister to Hermit. The betting was two to one [illegible]

Daring Burglary by Three Boys—The Culprits Arrested.

Special Dispatch to the Commercial.

LIMA, OHIO, May 28, 1868.

Quite a daring burglary was committed here last night by three young lads, who have long been known as hard cases. Between twelve and two o'clock they made an entrance into the cellar under the postoffice through an outside door, and from there into the cellar under the book store of O. A. Keys. Crawling up through a small hole used for the purpose of throwing rags into the cellar, they went to work in earnest, extracting from the drawer what money was in it, and from the show case gold pens and holders, pocket books, perfumery, &c., to the amount of four hundred dollars. One of the lads named Rodman was discovered burying something in the ground this morning, close to where a party was working. Afterwards one of the men went there, dug it up, and found a pocket book with some money. This discovery led to his arrest by Sheriff Bailey, and Rodman gave such information as led to the arrest of the other two youths, Haffner and [illegible]. They all confess the crime, and the goods and money have nearly all been recovered.

The Impeachment Investigation.

WASHINGTON, May 28, 1868.

The Washburne-Donnelly Difficulty.

The Washburne-Donnelly Committee met to-day. Mr. Washburne appeared and called the attention of the Committee to the fact that he had withdrawn all the offensive language used in his speech. He was then informed that the letter he published about Donnelly still remained, and that was also the subject of investigation. To this, Mr. Washburne answered:

"Let Donnelly prove those charges untrue."

The Committee held that it was Mr. Washburne's place to prove the truth of the letter, and not Donnelly's to prove himself innocent. Mr. Donnelly holds that Washburne [illegible]

The Wooley Matter.

About four o'clock this afternoon Mr. Bingham, from the impeachment investigating committee, introduced a resolution directing the only two available rooms in the basement of the capitol to be fixed up for the use of the capitol police for the purpose of confining such persons as the House might take into custody. The object was to place Wooley there, who to-day positively refused to answer as to the disposition of large sums of money he drew from the banks here. The Democrats at once began to filibuster and successfully prevented a vote, and at six o'clock on a vote being reached, withdrew into the cloak rooms in sufficient numbers to make a call of the House necessary. This was not completed till nine o'clock. A little before ten o'clock a sufficient number of Republicans were on hand to force a vote, and Bingham's resolution was carried. This will oblige Vinnie Ream to move her studio. Mr. Bingham then offered a second resolution ordering Wooley into solitary confinement. Without action on this, the House adjourned. Various Johnson rings in Washington are becoming more and more worried over the investigations in progress.

The Senate rejected the following nominations: Thomas Sim, Marshal for South Carolina; Joel B. McCryant, Assessor of Internal Revenue for the Tenth District of Pennsylvania; James B. Hubbley, Collector of Internal Revenue for Montana; S. P. McCurdy, Associate Justice of the Supreme Court of Utah.

FROM GREENVILLE, PA.

Town Improvements—Bear Creek Railroad—Wool Crop of Mercer County, &c.

Special Correspondence Pittsburgh Commercial.

GREENVILLE, May 24, 1868.

This is a brisk town of about four thousand of a population, and kept up by rich agricultural surroundings. The improvements of the place are four planing mills, two woolen factories, three grist mills, four steam and three water power saw mills, four large steam tanneries, and a new one going into operation. This one is owned by Sheriff Leech, who has invested ten thousand dollars in the enterprise.

The Bear Creek Railroad, which runs from this to Butler county, is graded the entire route, and will be put in running order this summer. This route opens up one of the most extensive coal regions of this State.

The court house here is a fine brick building, erected at a cost of $100,000. The commissioners have beautified the surrounding grounds with evergreens and shrubbery, making it a very attractive spot. The county is now erecting a brick jail at a cost of $75,000. This building will be lined inside with heavy plate iron, and the cells are to be constructed of iron. Mr. Hothel, of the St. Charles, is erecting one of the finest drove stables upon his premises in the West. As this is decidedly a stock country it is an improvement much needed.

The wool crop of this county is estimated this season at three hundred and fifty thousand pounds. A small portion of last year's clip is still in market. The price of wool ranges at about forty cents per pound.

An Irishman named Gray died yesterday from injuries received by a railroad bar being thrown against him a few days since upon the Atlantic and Great Western Railroad.

The Ku-Klux Klan congregated yesterday around the St. Charles, and before they were aware of it a photographer fixed their "mugs" with a sunbeam, to their utter discomfiture.

The Hoboken race track was heavy yesterday. In the half mile dash for two year olds, McDaniel's Bonnie Lassie won, beating Sandford's Minex and Dowling's filley. Time 53 seconds. Minex was the favorite against the field. The second race, mile and a half dash, for all ages, Local, five years, won, beating Vauxhall, three years, second; Red Dick, five years, third, and Sletty, Lunar, Lute and Dencallcon filley. Time 2:45¼. The great stallion Produce Post stake for two year old colts and fillies was a walk over by T. B. Read's Breckenridge filley. McDaniel's Planet filley was lame, and three others forfeited.

Coburn and McCoole both plead guilty of violation of the law of Indiana, and Judge Wilson, in passing sentence of forty days' imprisonment on them, expressed regret that the statute of the State did not allow the infliction of a heavier penalty. Both parties have to serve the forty days in the Lawrenceburg jail.

CITY MATTERS.

PERSONAL.—General Crawford arrived in the city, from his command at Louisville, yesterday evening, to attend the meeting of the Pennsylvania Reserves. He is at the Monongahela House.

FUNERAL OF EX-MAYOR ALEXANDER.—The funeral of Hon. Alex. C. Alexander, whose death we noticed in yesterday's issue, will take place this morning at ten o'clock from his late residence, No. 26 Esplanade street, Allegheny.

TENNESSEE EMIGRATION.—Mr. Bokum, Commissioner of Immigration for Tennessee, delivered an address in Allegheny Diamond, on yesterday evening, on the subject of "The Resources and Social Condition of Tennessee." There was a good audience, and much interest excited. He will lecture in Manchester this evening.

THE PRIMARY MEETINGS ON SATURDAY.—Republican voters in the cities and boroughs will bear in mind that the hour for voting for delegates on Saturday has been changed from five to three o'clock. The polls will be kept open from three to seven o'clock P. M., which will give every one an opportunity of participating in the election of delegates.

A PITTSBURGHER VICTIMIZED.—The Cincinnati Commercial has the following: "A stranger from Pittsburgh, lost $280 at the hands of a couple of confidence men, at the corner of Fourth and Race streets last evening. He loaned it to them on a worthless check for $3,500. At home he would have required a first-class mortgage security from his best friend for such a loan."

FOR THE LEGISLATURE.—The friends of Alex. Chambers, Esq., one of our prominent glass manufacturers, are urging him for nomination on the Republican Legislative ticket, and he has signified his willingness to accept. If selected as a candidate, his election being sure, Mr. Chambers would make an excellent representative. He is wealthy, and therefore the office would not be desirable for its emoluments, and no ring could ensnare him. He is an intelligent, energetic citizen, and would represent his constituents faithfully and well.

MAYNARD'S SODA FOUNTAIN.—Ladies and gentlemen who have occasion to promenade Smithfield street, in the vicinity of the Monongahela House, should by all means embrace the opportunity and enjoy the pleasure of taking a glass of sparkling soda water from the fountain of Mr. Frank Maynard, No. 3 Monongahela House. Mr. Maynard has fitted up here one of the neatest drug stores in the city, and solicits a call from his numerous friends. He is an exceedingly affable and courteous young gentleman, besides being an experienced and careful druggist, and we commend him to the kind regards of our readers in that part of the city.

FIRE IN ALLEGHENY.—Yesterday morning about half-past eight o'clock the rear of the dwelling of Mr. F. L. Snowden, located on Rebecca street, near Grant avenue, in the First ward, Allegheny, caught fire from a bake oven adjoining it. An alarm was struck from Box 16, corner of Rebecca street and Grant avenue, and the Fire Department was promptly on the ground, and succeeded in extinguishing the flames before much damage had been done. Had the fire not been discovered when it was, it would have gained such headway that all efforts to save the building, which was a frame, would have been unavailing.

Railroad Accident.

The mail train on the Pan Handle Railroad met with quite a serious accident yesterday morning. The train left here at 2.15 in the morning, and had reached the Cemetery crossing, about seven miles from the city, where the cowcatcher of the locomotive struck the end of a plank in the crossing, which had been raised in some manner. The locomotive was lifted off the track, and the tender, postal car, baggage and express cars were also thrown off and wrecked. The engineer, Mr. Glord, was thrown under the locomotive and half an hour elapsed before he could be extricated. One of his feet was found to be severely scalded, and he was otherwise injured, but not seriously. The fireman also was considerably scalded, but not dangerously. None of the passengers were injured. The trains were all delayed but the obstruction was soon removed, and trains were running as usual.

Public Amusements.

OPERA HOUSE—BENEFIT OF MR. CANNING.—The complimentary benefit tendered Manager M. W. Canning, will take place at the Opera House this evening, and there is every prospect that there will be a large and fashionable audience present. The performances have been arranged to suit all classes, the entertainment commencing with one of the neatest comedies of the day, and closing with Hotto and Palmer's joint effort, the "Dutch French Spy." We have heretofore spoken of Mr. Canning's claims to some substantial recognition of his eminently successful management of the Opera House, and can add but little more. If all who have attended the Opera House during the season could but realize the trials and tribulations of Mr. Canning during the past nine months, the spacious building would not accommodate one-half of those who would wish to join in the complimentary testimonial to-night. Seats may be secured to-day, as usual, and before evening every chair should be taken.

Mark Bates will take his farewell benefit to-morrow evening.

THEATER.—The combination company continues to please large audiences by their varied and delightful performances. Manager Aims has a fine company, and is reaping the reward of enterprise and good management in comfortable receipts.

LARUE'S MINSTRELS open their budget of comicalities at the Opera House next Monday evening. A feature of this show is the giving away of one hundred dollars in greenbacks nightly.

THE PRESBYTERIAN SYNOD.

Eighth Day—The Trial of Mr. George H. Stuart, of Philadelphia, for Singing Hymns Concluded—He is Suspended from Membership in the Church—Resolutions in Reference to the Subject of Psalmody—An Exciting Debate.

Synod met at half-past nine o'clock, and was opened with prayer by the Moderator. Minutes of yesterday afternoon and evening read and approved.

Dr. McMaster rose to a question of privilege. He had been addressed through the COMMERCIAL in relation to the hymn, a part of which he had quoted in his speech. It was first published in Cincinnati by the Methodist Book Concern, and was condemned by the leading papers of that body in New York. He was not aware of these facts. He did not certainly mean to say that any of the bodies in Pittsburgh would sing such a hymn.

Reports of committees on the records of several presbyteries were presented and accepted.

Dr. Scott presented, at the request of Mr. Stuart, the certificate of his attending physician, as follows:

PITTSBURGH, May 27, 1868.

I certify that Mr. Geo. H. Stuart is now under my professional care for a violent attack of spasmodic asthma. I have advised him to remain in his room until he can leave the city, which I think he should do as soon as possible. I do not hesitate to say that he cannot attend the session of Synod, with which he is connected, this afternoon, without danger to his life, and I have advised him accordingly.

Very respectfully,
JAMES KING, M. D.

Rev. A. G. Wylie without being moved by the certificate, but on the letter received yesterday afternoon, withdrew the statement he had made yesterday afternoon.

Dr. Scott wished to know if all delegates in Synod—whether principals or alternates—should receive mileage from the incidental fund of Synod. It was suggested that this could be settled by private conference.

Moved by Dr. McLeod that the vote be taken on the question before the Synod at a quarter before twelve o'clock, and that the clerk be instructed to notify Mr. Stuart of the fact.

Dr. Wylie thought the notice would be of no use as Mr. Stuart had been positively prohibited from appearing.

Rev. Mr. McDowell was willing to give the whole time to the friends of Mr. Stuart to speak in his behalf.

Dr. Wylie hoped ample time would be given.

Dr. G. R. W. McLeod said unless this course was adopted the vote would be baffled altogether.

Mr. Alexander Kerr believed the law had been violated, and he would vote for the first resolution, but he could not vote for the suspension. Some people had discovered their weakness on this subject and they had come here as *tailors* to clothe them. For his part he had never engaged in the business.

Dr. McMaster said he desired to offer a few additional remarks on the subject. Fletcher of Saltoun, said "Let me make the ballads of the country and I care not who makes the laws." God's appointment for his own worship and the abiding or not abiding by this appointment cannot be a little matter. He had already read the law, and he need not refer to it again. There is no ambiguity in it. It is to the exclusion of all imitations and uninspired compositions. Up to 1853 none doubted the law. The defection has taken place since that time. The Synod did wrong in not nipping the thing in the bud. These men had made frequent attempts to change the law. The first effort was by endeavoring to corrupt the Church. Then by endeavoring to make the standards to conform to the defection. The standards here reaffirmed at Xenia, and substantially in New York last year. The law is not, then, a nullity. The mere declaration of law is not now sufficient. That there is law must be shown by inflicting the penalty. There was an attempt to stir up prejudice against the law and excite sympathy for a man of mark, as being persecuted—a man who came in riding on his horse like Metador with his short sword. At this point the time expired.

Mr. William Hay said the resolution was so important that he could not, in justice to his pastor, Mr. Stuart, his friends and himself, remain silent. He did not think the resolution would promote the cause intended.

Rev. Samuel Wylie made a few remarks against the paper.

Rev. Dr. Crawford remarked that it had been said that George H. Stuart had entered the Church avowing the principles which he holds on the subject of Psalmody. He knew the time when he entered the Church and was made an Elder. The late Dr. Wylie had educated him (Dr. C.) and he knew George H. Stuart never could have entered the Church making such avowals. Dr. Wylie never advocated any such sentiments in his presence, and if he had held them, he would no doubt have revealed them. The law was both clear and definite. Dr. Wylie had accused him with sleeping when he was making his wonderful speech, but not in heaven. No, sir, he was still frail humanity on the earth. He was not asleep, but if he had been asleep, he would have been excusable, for he had heard the same speech four times, and he hoped he would never hear it again.

Rev. Archibald Thompson said he believed it was his duty not to give a silent vote on the subject. Mr. Harshaw said "the people didn't know where their pastor's were." He could assure the House that on the question before the court the Eastern Presbytery was a unit. If the law of the church is a dead letter, let it have a decent funeral, and a minister present. He would be willing to leave the matter, however, in the hands of the representative elders.

Rev. Dr. Scott could have said as much as any other man on the original and appellate jurisdiction of the Synod. Synod never assumed original jurisdiction, only in two cases. The one was in 1825; the other in the case of Rev. D. Kennedy on a similar charge to that now made against George H. Stuart. But in Kennedy's case, the Pittsburgh Presbytery was ordered to libel him, and try him for a violation of the law. The Presbytery found, him guilty and reported so to the General Synod.

Dr. Theophilus Wylie said the useless laws should be repealed.

Dr. T. W. J. Wylie said the question of property was involved. That is it, sir. It is not psalmody and communion, but who shall control the First Reformed Presbyterian Church of Philadelphia. It would be robbery to take away the church property from those who built it. Mr. Stuart's friends had given eighty-seven per cent and the protestors thirteen. This is an attempt to drive us out of the church. A brother said in relation to union he would "follow the flag." Then there was no principle in it. If he did not give his influence against the case of Kennedy he regretted it. He gave a casting vote in this church against communion some years ago and he was sorry for it. He could not ascertain what the law of the church was. It might be that Mr. Stuart had sung portions of scripture, and had not therefore violated the law of the church. If this resolution passes it will be the death knell of the church. Doors of a thousand churches will be open to receive him if he is cast out here. They might all regret certain things, but he showed his magnanimity in voluntarily apologising for what he had said. Cut off the head of George H. Stuart, and you must cut off many heads. You will only leave in one church about six men. In others a solitary individual may say, "I only am left!" He had not spoken as Mr. Stuart's representative. He only spoke as his friend.

At the conclusion of Dr. Wylie's speech a vote was taken. Before the result was announced Dr. Wylie presented a paper from Mr. Stuart, which was as follows:

To the Moderator of the General Synod of the Reformed Presbyterian Church in session at Pittsburgh:

I hereby solemnly deny each and all of the allegations and charges contained in the preamble and resolutions offered by Rev. A. G. Wylie in manner and form as they are alleged, and I protest against the right of Synod to pass such preamble and resolutions and ask that this my denial and protest be entered on the minutes.

GEO. H. STUART.

Pittsburgh, May 28th, 1868.

THE VOTE.

The vote was taken on the resolution and resulted as follows:

YEAS—W. S. Bratton; Dr. Crawford, Dr. Douglass, M. Harshaw, J. F. Morton, Dr. McMaster, D. Steele, A. Thompson, A. G. Wylie, A. Woodside, S. Young, Wm. Early, James N. Gifford, Peter Gibson, Kerwin Hunter, Robert Hemphill, John Helmes, Robert Marshall, M. D., Wm. McLaughlin, Wm. Reid, David Fields, Daniel Stewart, Jas. Stormont, Moses Shearer, John Scott—28.

NAYS—J. H. Cooper, J. F. Hill, Thomas Johnston, Dr. McLeod, John McMillan, Robert McMillan, Dr. McAuley, Dr. Scott, Dr. Sterrett, S. Wylie, T. W. J. Wylie, H. De Havis, Benjamin Miller, Robert H. McMann—14.

NOT VOTING—Dr. Clark, A. B. Gorley, W. P. Shaw, Alex. Kerr, Wm. McCormick, James Stewart, James L. Brown, John McElrowney, John Randolph—11.

Dr. Wylie during the call of the names, said that he noticed that Dr. McLeod's name had not been called.

Dr. McLeod said they would know in due time how he voted. When the result was announced his name was among the nays.

Dr. Wylie gave notice that he would protest against the action of the Synod, and in due time would file his reasons for so doing.

Dr. McLeod said he also would file his reasons for voting.

Synod adjourned, Rev. A. G. Wylie concluding by prayer.

The discussions in reference to the case of Mr. Stuart have been reported phonographically and are to be published in pamphlet form.

Afternoon Session.

Synod met at three o'clock, the Moderator in the chair.

Prayer was offered by the Moderator.

The minutes of the morning session were read and with some slight correction adopted.

Dr. Steret asked to be excused from appearing as delegate to the General Assembly New School, in Harrisburg. Granted.

Mr. McAuley reported that the minutes of the Chicago Presbytery had been correctly kept.

Dr. McAuley offered the following resolutions:

Resolved, That General Synod hereby directs its subordinate judicatories to proceed in the exercise of discipline with any and all of its members who use other than the one hundred and fifty psalms in the version approved by this church in the worship of God in their own or other churches, or who unite in communion with other Evangelical Christians.

Resolved, That ministers in connection with churches which use hymns shall not be admitted into our pulpits and that our ministers and members are hereby directed not to attend or engage in any services where hymns are human composition are used in the worship of God.

Mr. McAuley said in support of the resolution that he believed consistency required the adoption of some such paper.

DEBATE ON THE RESOLUTION.

The following exciting debate took place in regard to the resolution:

Mr. Wylie, (Philadelphia)—Mr. Moderator—

Mr. McLeod—I move that the subject be indefinitely postponed.

Mr. Wylie—I had the floor.

The Moderator—Will you allow me to state the question?

Mr. Wylie—I was on my feet when Dr McLeod arose.

The Moderator—I did not see you.

Mr. Wylie—Did you not hear me?

The Moderator—I think I heard your voice

Mr. McAuley—I move the previous question.

Mr. Wylie—I claim the right to the floor.

Mr. McLeod—The Chair has decided.

Mr. Wylie—From that decision I appeal.

Question—Shall the Chair be sustained.

On a division this was declared carried by a vote of 24 to 15

Mr. Wylie, of Philadelphia—I call for the yeas and nays.

Mr. A. G. Wylie—I do not think we need to have the yeas and nays. It has been decided frequently.

The Moderator—It has been decided by putting the question, and then a standing vote has been taken. We are here to transact business, and it seems there is a disposition to worry the speakers and prevent business.

Mr. Wylie—Then I call the previous question, and on that call the "I's and noes."

Mr. McAuley—What is the previous question?

Mr. McLeod—The indefinite postponement.

Mr. McAuley—There has been no motion put to the house on the indefinite postponement—simply the yeas and nays on the appeal.

Mr. Clark—I do not understand how to vote in this matter. I never like to vote unless I understand it. I do not know what Dr. Wylie was going to say. I do not know of course why he was put down.

Mr. Wylie—That is not a subject of discussion.

Mr. McLeod—Will you please state what the previous question is, and what the effect of a vote in favor of it is.

The Moderator—As the Moderator understands it, this previous question if carried immediately brings the Synod to a vote upon the resolutions.

The question was put "shall the main question be now put" and not agreed to, only one voice being heard in the affirmative.

Mr. Wylie—I call for the "I and noes."

Several members—Only one "I."

Mr. McLeod—Only Dr. Wylie voted in the affirmative.

Dr. Wylie—I did not vote at all.

After some further discussion in the same strain, Mr. McLeod spoke briefly on the resolutions. He hoped the proposition would be indefinitely postponed, because it was not *bona fide*. The gentleman who offered it and the gentleman who seconded it did not believe the principles contained in the paper.

Mr. McAuley replied at some length stating that he had offered the resolution in good faith.

After considerable additional cross firing Dr. Douglass obtained the floor and said if they were going to carry out the law they better carry it out universally. He supposed Dr. McAuley and Dr. Sterrett would admit the offering of these resolutions. In offering them he would say that he meant no disrespect to the Synod but would see how far they could go in this matter. He would offer the following resolutions:

Resolved, That all merchants and members of the Presbyterian Church are hereby prohibited from having any commercial dealings with all infidels.

Resolved, That all our ministers and elders and members of the Synod are hereby required to return home on foot and not to travel over the roads of such Godless companies as violate the divine law contained in the Fourth Commandment in running their cars on the Lord's day. Not seconded.

The question recurred on the postponement of the original resolution. After considerable discussion the paper was postponed by a vote of 33 to 4.

Mr. A. G. Wylie offered the following resolution:

Resolved, That all sessions and Presbyteries under the care of this General Synod are hereby directed to carry out the law of the church on the subjects of psalmody and communion, in all cases proposed coming before them, in accordance with the law of Synod and its deliverance on these subjects at the present meeting.

The previous question was called for and the resolution was adopted—ayes, 25; nays, 3; not voting, 9.

On motion, the time of speeches was limited to five minutes each.

Rev. J. F. Hill requested to be excused from representing Synod at the Old School General Assembly now in session at Albany. Granted.

Rev. Robert McMillan, alternate delegate to the same body, made a similar request which was granted.

Rev. W. S. Bratton asked to be excused from serving as a delegate to the School Assembly. Granted.

The Clerk read the report of the Committee of Discipline on the case of the First Church, Philadelphia.

It was received and made the special order for this morning.

Mr. Wylie asked and obtained leave of the Synod to procure certified copies of the report.

The report of the Treasurer of the Theological Seminary was read by the stated clerk. Referred to the Auditing Committee.

After the reception of the reports of the Treasurer of the Domestic Mission and Freedmen's Mission, the Synod adjourned to meet at seven and a half o'clock.

Evening Session.

Synod met at eight o'clock and was opened with the usual formalities.

SUBJECT OF UNION.

Dr. McMaster presented an amendment to the first resolution of the paper which he presented some days since. The amendment recommended the appointment of a committee of five in accordance with the expressed wish of the National Union Convention.

The matter was discussed at great length.

Rev. A. J. Wylie offered the following amendment:

Resolved, That General Synod, notwithstanding its disapprobation of the manner of the organization of the National Union Convention, and by the basis which it adopted, accedes to the invitation made by the Philadelphia Convention, this Synod appoint a committee of five persons to meet similar committees from other churches represented in the Convention, that the difficulties in the way of organic union, if possible, may be overcome.

Dr. Crawford read a long paper on the subject. He did not think they could unite with the Old or New School, or Cumberland Presbyterian Church. He did not think the Reformed Presbyterian Synod desired to meet them on a Union platform. He thought something might be done of a practical character toward Union in the United Presbyterian Assembly.

The amendment was lost. The paper (reported a few days since) with the exception of the first resolution, which was so modified as to recommend the appointment of a committee of five, was adopted as a whole.

Synod then adjourned to meet this morning at half-past nine o'clock, Rev. W. H. Reid concluding by prayer.

IMPORTANT BASE BALL MATCHES.

The Athletics, of Philadelphia, Against the Olympic and Allegheny at Union Park.

The renowned Athletic Base Ball Club, of Philadelphia, will start on their western tour to-morrow, and will make their first halt in this city, where they will be the guests of the Allegheny Club. They play their first match game with the Olympic Club of this city, at Union Park, Allegheny, on Monday, and on Tuesday will play a game with the Western Champions, the Allegheny Club, at the same place. The Allegheny Club has been reorganized, and have now the strongest first nine they have ever placed in the field. This is saying a good deal, when we remember that the Allegheny first nine have always ranked among the invincible base ball players of the Western country. Their contest with the Athletics will be the most exciting of the two to take place, and the latter will have to do their utmost to retain their laurels. Seats have been erected in the Park for the accommodation of ladies, and the directors of the Allegheny have made such arrangements as will enable them to accommodate five thousand persons, should that number find it convenient to be present to witness the exciting game. An admission fee of twenty-five cents will be charged.

We are informed that the Atlantic Base Ball Club of New York propose visiting this city about the 8th or 9th of July, and will play one or more games at Union Park, the grounds of the Allegheny club, whose guests they will be.

The Bankrupt Act.

It was generally expected that Congress would extend the time for final petitions for adjudication under the bankrupt act, without the consent of the creditors, but as yet no such extension has been made. The thirty-third section of the law provides that in all proceeding in bankruptcy commenced after one year from the time this act shall go into operation, no discharge shall be granted to a debtor whose assets do not pay fifty per centum of the claims against his estate, unless the assent in writing of a majority in number and value of his creditors who have proved their claims is filed in the case at or before the time of application for discharge. The act was approved the 1st of June, 1867, and the year will consequently expire on Monday next. A decision to that effect having been given by Judge McCandless, of the United States District Court, some weeks ago, some persons are of the opinion that Saturday evening will be the latest hour at which petitions can be filed, on account of a Sunday intervening, while others hold that petitions can be filed until Monday. In view of the approach of the time, as quoted in the above section, considerable activity has been noticed in the bankruptcy branch during the past few days, and it is probable that the number of petitions presented during to-day and to-morrow, will be much larger than on any former occasion. The question as to whether the time expires on Saturday or Monday, will probably have to be determined by judicial decision.

The Change of the Names of the Streets.

The Street Committee at its meeting on Wednesday evening changed the names of the following streets and alleys, subject to the action of the Councils. The change was not to have been published until after it had been presented to Councils, but by some means it crept into one of the morning papers yesterday and was copied into the evening papers. The following are the changes:

Peach alley, Third ward, changed to Hickory.
Butler street, Ninth ward, changed to Railroad street.
Ewalt street, Pitt township, to Birch.
Chestnut, Lawrenceville, to Maple.
Tisk, Seventh ward, to Arch.
Irwin, Lawrenceville, to Buckeye.
Locust, Fifth ward, to Juniata.
Mulberry alley, Lawrenceville, to Blackberry alley.
Plum alley, Third ward, to Oak alley.
Pike, Lawrenceville, to Garrison.
Peach alley, Eighth ward, to Quince.
Reed, Lawrenceville, to Race.
Spruce alley, Lawrenceville, to Hemlock alley.
Union alley, Lawrenceville, to Ash alley.
Union alley, Sixth ward, to Crab alley.
Webster street, Pittsburgh, to Webster avenue.
Decatur street, First ward, to Hazel street.
Lower Washington street, Lawrenceville, to Hatfield street.
Upper Washington street, to Willow street.

"Home for the Friendless."

We learn that the "Home for the Friendless," an institution that should commend itself to every one, "for its works' sake," will hold its annual meeting on Thursday afternoon of next week, June 4th, at three o'clock, in the Union Baptist Church, on Grant street, (between Sixth and Seventh), in this city. We think that every work sustained by voluntary contributions, should hold a place in the interests and affections of the public, and that from time to time the progress and welfare of such institutions should be investigated. In Boston and New York, the Mayor and City Councils, as well as private citizens, make it a point to attend the annual meetings of the charitable institutions in their midst. Could this be the case, on this occasion, we have no doubt the Board of Managers would feel greatly cheered and encouraged. The exercises cannot fail to be interesting, as in addition to the reports, there will be several addresses from distinguished speakers, while the presence of some eighty or ninety little children, with their bright eyes and sweet songs, will give variety to the occasion. It is to be hoped that all who feel an interest in the children of want and misfortune, and the success of the "Home," may be present at this meeting.

Another Information.

In yesterday's paper we stated that a woman named Mrs. Mirandia Palmer had been arrested in the market on a charge of stealing a pocket book, containing eighteen dollars, belonging to a country woman named Keyser, and that a search of her premises, in a court off Diamond alley, had resulted in the finding of a quantity of dry goods and notions, which she is suspected of having at various times stolen at stores. In addition to the charge preferred by Mrs. Keyser and F. H. Eaton, Mr. Paul H. Hacke yesterday appeared at the Mayor's office and made an examination of the stolen goods. In the lot he found several pieces of silk and some other articles, which he recognized as belonging to him. The articles identified were stolen from Mr. Hacke's store about a year ago. A third information was lodged against Mrs. Palmer, who is to have a hearing on Wednesday next. There is yet a quantity of goods which have not been identified, and merchants would do well to call and examine the same.

Insurance Agent Assaulted and Robbed of $1,900.

On Wednesday evening a young man named Woods, an insurance agent, was attacked in an obscure locality between Georgetown and Hookstown, Beaver county, severely beaten, robbed of $1,900 in money, and left apparently lifeless. Some one, passing along the road, heard him moaning, and went to his relief. He was conveyed to Hookstown about three o'clock yesterday morning, where he was being carefully nursed. It appears that Mr. Woods had attended a Sabbath School pic nic at Georgetown, during the day, and at sundown bought an umbrella and started for Hookstown alone. Our informant, Capt. Adam Poe, did not learn the name of the company which Mr. Woods represents, but thinks he is an agent for some eastern office. He had been taken risks on property in that vicinity, and this accounts for his having had so much money in his possession. He was unable to give any description of his assailants.

No Information Made.

A day or two ago a dispatch was received from Chief Green, of this city, who is at St. Louis, announcing that he had arrested a man named James Brown, *alias* Thompson, on suspicion of having been concerned in the robbery of the bank of W. H. Williams & Co., at the corner of Third and Wood streets, which occurred some four years ago. The full particulars of the robbery were published at the time it occurred. "Johnny" Mackey, who kept a saloon on the same floor in which the robbery occurred, was arrested, but as there was no evidence against him Mayor Lowry discharged him. Brown afterwards disappeared and has ever been suspected of having been concerned in the robbery. He was arrested in Canada but managed by some means to get clear. No one could be found who would make information against Brown and the Mayor accordingly telegraphed the Chief to release him.

TEACHERS' ASSOCIATION.—The teachers of Pittsburgh have entered zealously into the work of building up their profession, having organized an association which, if properly supported, will aid greatly in the good work of educational progress and reform. These associations, if rightly managed are productive of much good, and will create a unity of action which can in no other way be obtained. The Association meets on next Saturday, at 10½ o'clock A. M., in the Central High School, corner of Wood and Sixth streets.

The Daily Commercial

FRIDAY, MAY 29, 1868.

THE COMMERCIAL is the largest daily paper in the State, and gives daily one-fourth more reading than any other paper in Pittsburgh. It is the only Pittsburgh paper that uses the telegraph liberally, gives full market reports, and all the news of the day.

As proof of the estimate placed on the market reports of the COMMERCIAL, *we will state that they are regularly copied by the New York Economist, Shipping List, Iron Age, and other papers of like character in that and other cities, and that leading English commercial papers and circulars regularly reprint them with credit. There is within five hundred miles, hardly an Iron Factory, Oil Refinery, or leading manufactory of any kind that is not a subscriber to the* COMMERCIAL, *principally, because its reports are the only full and reliable given of the Pittsburgh markets.*

SENATOR ROSS in making his explanation proved again how much better is silence than speech, when a man has a bad cause. The report that in Washington his explanation has damaged him, does not surprise us. It is not the utterance of one strong in conscious innocence, meeting his accusers fearlessly, but of one whose inability, though he tried hard, to dissemble sufficiently, furnished the strongest proof against him.

THE editorials of Mr. THURLOW WEED congratulating the country on the "moral triumph" secured in the result of the impeachment trial, are exceedingly funny to read, in connection with his own testimony, wherein he tells enough to convince the world that the verdict was bought with money, and that he was one of the earliest consulted. In view of the testimony he gave, a little modesty about Manager BUTLER and the trial in general, would be extremely becoming in Mr. WEED.

> And now we would ask the COMMERCIAL how it stands in relation to the payment of the five-twenty bonds. Does it advocate their payment with gold, or with greenbacks? We'll wager it will refuse to answer for fear of injuring the "candidate."—*Pittsburgh Post.*

Were we to ask the editor of the *Post* "how he stands in relation to the payment of his debts," and were he, instead of answering squarely that he intends to pay them according to the precise terms under which they were contracted, to quibble, use "ifs" and "buts," or hesitate even, the reasonable inference would be that probably he intended to repudiate or in some way get out of paying his debts. We therefore have no other "answer" than that we "advocate" the payment of the "five twenty" and all other bonds, "in the utmost good faith, not only according to the letter, but the spirit of the laws under which" they were issued. So runs the Chicago Platform. In no plank is to be found the vile heresy of repudiation which lurks in that which the *Post* has built up for itself.

LET CONGRESS ACT.

Impeachment having been disposed of, Congress should address itself at once to the questions relating to the business of the country, dispose of them with the least possible delay, and then adjourn. It is understood that the leading committees are, or soon will be, prepared to report important bills. It has grown to be the habit to report bills only to have them slaughtered—at least to wrangle over till the hairs grow grey on the head of the nation. It rarely happens that bills are improved after they are reported, if the committees have done their duty. Almost anything is better than delay which keeps everybody in hot water. Touching finance and taxation, we are well aware that practical difficulties lie in the way of harmonizing conflicting views; but men must yield, if only to agree to do nothing. The Southern States should be admitted so that they can participate in the Presidential election, and, though not least, the Civil Service Bill of Mr. JENCKES should become a law. Something must be done to remedy the utter demoralization which prevails, especially in the collection of the revenue. The standard of qualification for office must be elevated, and the present Congress would earn everlasting fame by passing the JENCKES Bill. We do not hesitate to say to the Republican majority in Congress, that prompt and judicious legislation on a few leading questions will do more for the Republican cause than anything which lies in their power to do. We hope that they fully realize that now, more than ever before, do the people observe them. It is for them to say whether existing discontent shall degenerate into general disgust.

FREE TRADE IN FRANCE.

The great debate on the subject of protection, in the Corps Legislatif, is fraught with interest, not only to France, but to the friends of protection on this side the Atlantic. Dismal pictures were drawn of the state to which the new free trade doctrines, put in force by the commercial treaty with England, had reduced the formerly flourishing industrial interests of France. It was stated that the value of property in the manufacturing districts had depreciated twenty-five per cent., and city merchants estimated their aggregate losses at hundreds of millions. The new system was equally injurious to the morals of the people, as rapid wealth was sought by gambling transactions at the Bourse, where millions were soon lost. The "cheapness" promised by the system of free trade was not realized, as never before had prices ruled so high, and scarcity and distress proved so general among the laboring classes. Sixty-seven iron foundries had been closed in the Roubaix district alone since 1867, and the ship-building and other interests had suffered correspondingly.

Among those who championed the protection policy was the distinguished M. THIERS, who marshalled columns of figures on the subject, and advocated protection to French manufactures with great force and ability. He took pride in referring to the protectionist speech which he made eighteen years ago, in the National Assembly, and contended that all his prophecies of the evils of free trade had since been fulfilled. How France is to relieve herself from the situation in which she has been placed through the baneful effects of the free trade policy, is a problem of doubtful solution. M. THIERS acknowledges that the argument is all his figures, "that the political state of Europe necessitates perseverance in the course which has been commenced," is a powerful one, but throws the responsibility for this situation upon the government, which has refused to the Chamber the right of regulating the tariff.

This discussion between the leading statesmen of the French nation is not only interesting in the abstract, but will afford [illegible] food for reflection among [illegible] of the United States. Our Congress might study with [illegible] advanced by such able [illegible], and see in the pres-ent condition of the working classes of France the lamentable effects which sooner or later must follow the adoption of the free trade policy of England.

BEFORE AND AFTER.

That our readers may form a proper estimate of the character of the attacks which the Pittsburgh *Post* has made upon Gen. GRANT since his nomination as the Republican candidate for the Presidency, the motives which prompt those attacks, and the reliability and the consistency of that paper, we quote in juxtaposition a few extracts from its editorial columns, written *before* and *after* the nomination:

THE POST ON GEN. GRANT.

PSALMS VS. HYMNS.

A very interesting discussion on hymnology has grown out of some remarks made by Dr. MCMASTER, on the floor of the Reformed Presbyterian Synod, now in session in this city. GEORGE H. STUART, Esq., who achieved a national reputation in connection with Christian Commission enterprises during the war, has been on trial before the Synod for violating the rules of the Church in singing hymns, and the hymn and psalm singers are alike interested in the discussion. Dr. MCMASTER, after delivering a lengthy speech on the subject, concluded by reading "a specimen of Sabbath School hymnology of the present day," which had been denounced by the New York *Observer*, from which he quoted this stanza:

> "I know a girl with teeth of pearl,
> And shoulders white as snow,
> She lives—ah! well, I must not tell,
> But wouldn't you like to know?"

The learned Doctor continued: "This is a sacred song! Sacred to what, we would like to know." "But this," says the *Observer*, "is all of a piece with the 'religious buffoonery' of which we have seen so much of late."

In yesterday's COMMERCIAL our correspondent, "J. R. S.," asked Dr. MCMASTER "in what Sunday School hymn book he might be able to find the doggerel verse quoted as a specimen of Sunday School hymnology?" "J. R. S." protested against the assertion as "a perversion of truth."

In answer to the interrogatory, Dr. McMASTER has addressed us the following:

> *To the Editor of the Commercial:*
>
> [illegible]
>
> JOHN MCMASTER.

Accompanying the above was the article from the *Observer*, which it is not necessary to produce entire. It is a literary criticism based upon an article in *Hearth and Home*, in which the writer censures, ridicules and condemns a large part of the hymns and tune stuff compiled for Sunday Schools. The *Observer* adds:

> [illegible]
>
> "I know a girl with teeth of pearl,
> And shoulders white as snow,
> She lives—ah! well, I must not tell,
> But wouldn't you like to know?"

Now as to the material point—"The perversion of truth." Has the fact in regard to the use and design of the verse above quoted been fairly stated? Dr. McMASTER relies upon the *Observer*, and says if there be any perversion he is not responsible. A friend has placed in our hands a copy of "THE SACRED LUTE: A collection of Sacred Music, designed for the use of congregations generally, consisting of new Tunes, Anthems and Chants, for Public and Private Worship, to which is added an Elementary Department, including a variety of Light Glees, Choruses, etc., etc., for the Social Circle, Concerts, and Musical Conventions." There may possibly be another book of the same name, but it is not likely. If this be the book to which the *Observer* alludes, there certainly has been perversion of the truth. In the first place, it is not designed for use in Sabbath schools at all, unless the phrase "congregations generally" would include Sabbath schools. In the second place, there are two distinct departments, as the title expressly indicates—one consisting of sacred music, designed for public and private worship, and the other embracing lighter pieces for the social circle. In this latter department, (on page sixty-two of the work,) is a solo and chorus, for male voices, entitled "Wouldn't you like to know?" The music is by S. J. Vail, and the words by the humorous poet JOHN G. SAXE. This song opens with the stanza:

> "I know a girl with teeth of pearl," etc.

There are six other verses of the same character, each devoted respectively to the girl's sunny hair, her blue eyes, her ruby lips, her lily fingers, her little foot, and her sweet name. There are thirty-two pages of these secular pieces, which are followed by three hundred and twenty-five pages of hymns, anthems, etc., for the use of church choirs, under the head of "The Sacred Lute." No fair minded person acquainted with these facts and who wished to deal justly and truthfully in discussion would fail to make the proper distinction between these two kinds of music, even though the same covers enclosed both departments. It is for the *Observer* to name the Sabbath School in which SAXE's "solo and chorus for *male voices*" is sung, or any other of the "sentimental ditties" to which it alludes are used "to bring up children in the love and service of God." Until it does so, the charge of "perverting the truth" cannot be successfully met. Dr. McMASTER, and other advocates of psalmody, would not consider it at all fair if some anti-psalm singer should illustrate an argument in favor of hymn singing by some such assertion as this: "The following is all of a piece with the so-called Psalms of David, put into verse by uninspired men, and claimed to be the only fit songs to be sung in schools designed to bring up children in the love and service of God"—

> [illegible]

The learned Doctor, and the editor of the *Observer*, doubtless know where to find the above stanza, but no one who wishes to treat the question fairly will pretend that the above is "of a piece" with the grand and soul-inspiring songs of DAVID, even as versified by ROUSE.

We wish it understood that we take no part whatever in this discussion, except so far as it may be necessary to promote fair play in argument, and to give what light we may have on the point which has been mooted, and is of no little interest to many of our readers. This we have done with no unkind feeling toward any one, and leave the public to determine on which side the right lies—if they can.

THE CAMPAIGN.

Address from the State Central Committee—An Appeal to All Good Citizens.

PHILADELPHIA, May 27, 1868.

To the Voters of Pennsylvania:

The National Convention of the Republican party, with a unanimity and enthusiasm unprecedented, has nominated candidates for President and Vice President and announced the principles upon which they appeal to the people for support. As to the individuals selected no word of commendation is necessary. Their deeds form a part of the history of the country.

No matter who the candidates in opposition may be, they must represent an organization that was unfaithful to the country in the hour of its direst peril and false to liberty and the rights of man.

For four years the Republic shook with the tread of armed men in a struggle to determine whether the will of the majority constitutionally expressed should be the law of the land till changed in the mode prescribed by the organized law. In that struggle three thousand millions of treasure were wasted, three hundred thousand loyal martyrs found in our ransomed soil their graves, and sorrow sits to-day at almost every fireside, mourning the unreturning brave.

This waste of treasure and legacy of woe was caused by the minority, in a fair election, refusing to submit to the will of the majority constitutionally expressed. Suspended on the issue hung the life of the Republic and the hopes of mankind.

The only political organization to give aid, sympathy and encouragement to that minority in its attempt to dismember the Republic and thus destroy our liberties, was the party calling itself Democratic. At its last National Convention, while half a million of men were in arms for the overthrow of the Government, it declared the war for the Union a failure, and demanded an immediate cessation of hostilities.

> "We were asked to strike our arms when the foe was at bay,
> And the rags of his black banner were dropping away;
> To take down the proud name our nation had won,
> And strike her brave flag from his home in the sun."

Had the policy of the Democratic party been successful, the genius of impartial history would have written on the tombstone of the present generation an epitaph of indelible, undying and endless disgrace—that it preferred the Republic should die rather than endure the sacrifices necessary for it to live.

The men and the party that saved the Government in war can preserve and protect it in peace. The great captain of the age will lead the loyal hosts of the Republic to victory in November next, as he led its armies at Donelson, Vicksburg, and Appomattox Court House.

Republicans of the Keystone State, efficient organization secures certain victory. Your party in its infancy saved the Territories of the Union from the blight and curse of human bondage, and consecrated them forever to free homes and free men. In its early manhood it has grappled and crushed the most gigantic conspiracy ever formed for the destruction of liberty and free government. Treachery of public servants or apostacy of trusted leaders cannot stay its onward march.

With truth and justice for weapons, and the hearts of the people for a bulwark, if true to yourselves, a certain victory awaits you.

"The price of liberty is eternal vigilance."

GALUSHA A. GROW,
Chairman State Central Rep. Committee.

Taxing Petroleum in England.

There is a bill before the House of Commons regulating the sale of Petroleum, which receives determined opposition from Liverpool, not only from the mercantile community, but also from the Mersey Docks Board. The parliamentary committee of that body have recommended that the bill be petitioned against, and the Board adopted the recommendation. In calling attention to the subject, Mr. Tobin remarked that one of the provisions of the bill was that no petroleum should be sold that threw off an inflammable vapor at a less temperature than 110 degrees of Farenheit, and argued that as American petroleum threw off an inflammable vapor at a less temperature than 110 degrees, and greater than 100 degrees, it would practically prohibit the importation of that article, forgetting for the moment that it lies within the power of the American refiner to raise his oil to the required standard at a very small outlay indeed. It was further stated that the effect of the proposed measure would be to cause a sort of monopoly with reference to home-manufactured oils, by the exclusion of American and foreign petroleum, and so enhance the price. It was shown that the import of petroleum into England was not nearly so large as on the Continent. In 1867 Antwerp imported no less than 215,745 barrels, Bremen 222,665, Amsterdam 45,960, Rotterdam 107,800, and Hamburg 77,600; whilst, in the same year, London and Liverpool imported only 85,470 and 79,900 barrels respectively. The Mersey Docks Board, so far from placing additional restrictions on petroleum, have recently removed some, and are now allowing its use for illuminating purposes in the graving docks.

The Commercial Situation.

The *Financial Bulletin* takes a hopeful view of our commercial affairs in its last article on the "situation." Business is regarded as in a better condition than it was one year ago. The immediate resumption of specie payment is not anticipated by any considerable portion of the people, and the evil of suspension is now regarded as one which cannot be remedied for perhaps two years to come. This conviction, which has seized the public mind within the last twelve month, is claimed to have produced beneficial results, since uncertainty as to the future is the most pernicious cause of a dull state of trade. The chimerical ideas of an immediate return to specie payment, or paying off the national debt in five years, are held to be highly injurious to trade, and the *Bulletin* congratulates the country on their abandonment. Still further cause for rejoicing is found in the prospect that the Southern States will soon be reconstructed, and the future status of that large section of the country settled. This is the end to be desired, however differently persons may look upon the means used to accomplish it.

Mr. Fessenden and General Grant.

Mr. Fessenden in his explanation in the Senate on Tuesday, said:

> [illegible]

In taking command of the camp at Chalons, General de Failly, addressing the superior officers, used these emphatic words:

> [illegible]

When the report of this speech arrived in Paris some of the journals ventured to publish it. The utmost vigilance is exercised to prevent anything appearing in print which is calculated to add to the prevailing anxiety. A Paris letter says: "In the War Department all is bustle and preparation."

Four hundred and fifty-one colored emigrants sailed from Savannah for Liberia, a few days ago, mostly farmers and mechanics, well supplied with implements and tools. Turning lathes and the requisite machinery for saw and grist mills, for which ample power abounds in Liberia, were taken by some well-to-do of them. Sewing machines were not forgotten by the women. A fair proportion of the company can read, and some can read and write. The communicants of churches were remarkably numerous. There were five licensed ministers of the Baptist and Methodist denominations.

It is reported that great suffering exists among the people in the lower counties of North Carolina, in consequence of the scarcity of corn. The well-to-do portion of those communities, and even the rich, have sold and given away their stores of food until they have been themselves reduced almost to want. It is believed that there will be instances of actual starvation, as many of the most indigent are prostrated for the want of strengthening food.

The printers of Chicago are about to organize a Colfax club, with affiliated societies in every town in the country in which half a dozen printers can be found. Mr. Colfax is the first member of the craft who has ever been nominated for either of the highest offices in the people's gift, and the craftsmen desire to signalize the event by such hearty aid as they can render for his triumphant success. He is worthy of their utmost endeavor.

THE Armstrong *Republican* says E. Buffington, Esq., of Kittanning, whose name was used among the list of Vice Presidents of the late Conservative Fizzle at the St. Charles Hotel, was not at the meeting and does not sympathise with any such party. He is the Armstrong county member of the Republican State Central Committee, and Chairman of the County Republican Executive Committee.

One of the most impressive scenes ever witnessed in a great political gathering was in the Chicago Convention, when, at the conclusion of a fervent prayer offered by Bishop Simpson, the vast audience, standing, joined with the Bishop in repeating the Lord's prayer.

GEN. GARFIELD, of Ohio, in a speech upon the currency, proposes to return to specie payment by the following process: He argues that the depreciation in the value of the currency is caused by expansion in its amount. He is in favor of an act requiring the Government to return to specie payments on its legal tender notes gradually, by beginning to redeem them on the 1st of January next, at $1 in gold for $1 25 in notes, and reducing the amount of notes required 1 cent per month until they are redeemed.

POLITICAL.

A Democratic correspondent, who writes from Richmond impressively informs us that "Chief Justice Chase has suddenly become very popular with the people and press of Virginia; and those who a few months since were loudest in denouncing him, can now scarcely find words to express their admiration of the upright man and just judge."

WHITTIER TO COLFAX.

> Colfax!—well chosen to preside
> O'er Freedom's Congress, [illegible]
> [illegible]
>
> JOHN G. WHITTIER.

The New York *Tribune* figures on the Presidential problem as follows: "We hold it morally certain that the States here subjoined will choose Grant and Colfax electors by decided majorities:

Arkansas	5	Minnesota	4
Florida	3	Mississippi	[illegible]
Georgia	9	New Hampshire	5
Illinois	16	North Carolina	9
Iowa	8	Rhode Island	4
Kansas	3	South Carolina	6
Louisiana	7	Tennessee	10
Maine	7	Vermont	5
Massachusetts	12	West Virginia	5
Michigan	8	Wisconsin	8
Total	20 States	[illegible] votes.	

"Add to these either Pennsylvania or Ohio, or Indiana with Nebraska or Nevada, and the Republican ticket is elected. Hence we cannot perceive a probability of its defeat." The *Tribune* contends, further, that New York can be carried if fraudulent voting can be but half stopped.

General Gillem, commanding in Mississippi, has ordered the election on the ratification of the new constitution in that State to commence on June 22, and continue until completed. The usual precautionary measures guarding against violence, fraud or interference with voters at the polls accompany the order, and army officers and freedmen's bureau agents are forbidden to take any active part on either side. The remarkable feature in the order, is that requiring the election to be kept open until it is completed, which must inevitably lead to great delay, inconvenience and confusion.

The gist of what the impeachment managers have found out in their investigations is according to the New York *Sun*: "A chain of circumstantial evidence that seems to be almost overwhelming, showing where, how, and when money was raised, and tracing it into the hands of men who were negotiating with Senator Ross between 10 P. M. and 1:30 A. M. on Friday night, and that on Saturday morning at 9 o'clock the bargain was concluded, and they telegraphed now that it was sure."

Mr. R. G. Hazard, who was a delegate to the Chicago Convention, writes from Iowa, on his way westward, as follows: In my journey I find that our action at Chicago has made prominent another General, who seems now to be almost as much in the hearts and on the tongues of the people as General Grant himself. As you have no doubt heard of him, I need hardly say I allude to General Satisfaction.

Illinois is claimed for Pendleton in the Democratic Convention, but it is now said that a muster of the thirty-two delegates shows a majority who are opposed to Pendleton personally, and to his platform, and who, relieving themselves on the first and second ballot of the obligation of their instructions, will vote thereafter for any man who will be satisfactory to New York and New England.

The name of Mr. Henry C. Carey has been suggested in connection with the representation in Congress of the Second District of Pennsylvania. The *North American* is authorized by Mr. Carey to say that under no circumstances would he be willing to accept a nomination for that or any other public position.

The New York *Sun*—which has a separate bureau for the manufacture of political gossip—says that "some of the more irrepressible members of the party" have already assigned Governor Fenton to the Treasury Department in the Grant Cabinet. This, the *Sun* thinks, is going a little too fast, and expresses the opinion that Mr. Greeley is the heir apparent to the Cabinet honors in New York, which is peculiarly *Sun*-like.

A friend of Senator Fessenden, who has always been a Democrat, has communicated to us for publication the following passage from a recent private letter of the Senator's: "I thank you for your kind words. When friends are denouncing me in all quarters for the one act of my life for which I deserve the most credit, putting at hazard, as I did, all my own honor and interests from an imperative sense of duty, it is a consolation to know that some few yet believe in my integrity of purpose. I shall take what you say as earnest and true, therefore, even if you are a Democrat." The concluding sentence does not look as though Mr. Fessenden had concluded to join the Democratic party at present.

The Grant and Colfax cigar story has got into the papers incorrectly, and this is really what occurred: The Speaker was at the headquarters the morning before the nomination, reading to the General his Chicago telegrams up to midnight, which the General had wished to see. Both were smoking, and the General asked, "Where do you get these cigars that are named for you? They suit my taste exactly." The Speaker replied that a Republican German, named Henry Bevad, at Danbury, Conn., had named them for him; and he, with other Congressmen, used them exclusively. The General immediately wrote a letter ordering a thousand, and, as he has not the franking privilege, the Speaker said as the letter was for Colfax cigars, he would depart from his usual rule of not franking letters for others, and franked it. When it reached Danbury, the German had the Republican candidates for President and Vice President on one letter.

The friends of Charles Francis Adams, favorable to his nomination for the Vice Presidency on the Democratic ticket, met at No. 814 Broadway, New York, on Saturday night, and organized a campaign club.

The Washington correspondent of the Chicago *Times* says: "The Hon. Daniel W. Voorhees, of Indiana, a leading Democrat, has been busily engaged for some weeks urging the claims of Mr. Chase to the Democratic nomination." It is also suspected that Senator Hendricks is identified with the Chase movement, as he and the Chief Justice have become remarkably intimate of late.

PERSONAL.

—The latest information relative to the ex-Empress Charlotte of Mexico, states that her medical attendants have advised her to travel in order to confirm her health by occupying her mind.

—Mr. G. F. Train's securities upon his release from the Marshalsea prison, Dublin, were Mr. Eastman, the American Consul at Queenstown, and Mr. James Dillon, who acted as Mr. Train's agent when the latter lectured at Dublin. It is understood that a sum sufficient to indemnify the sureties have been lodged by Mr. Train. No sooner was he released than placards were posted announcing a public lecture by Mr. Train.

—Horace Greeley had but one son, a precocious child, who died many years ago. His two daughters, Gabrielle and Ida, aged respectively nine and eighteen, are said to inherit much of their father's intellect and their mother's strength of character.

—H. J. Raymond was married when quite young; has five or six children, the oldest a son in his eighteenth year. He has made journalism profitable, his income being probably $20,000 to $25,000.

—On the evening of the 14th, Mr. George Francis Train delivered the first of two lectures in the Free Trade Hall, Manchester, on English, Irish and American subjects. A charge was made for admission, but the attendance was a miserable failure. Not more than twenty or thirty seats were occupied at the commencement of the meeting, and only a score of individuals more in the reserved seats. A large crowd, however, assembled outside, and would no doubt have made a considerable addition to the audience had not a fee been demanded for admission.

—The Boston *Transcript* calls attention to the fact—so significant now—that the most popular of American Presidents, Thomas Jefferson, never made a speech.

—Mr. Colfax is described as rather under the medium height, with a form firmly and compactly moulded. His hair is brown, now slightly sprinkled with grey, eyes blue, forehead high and arching. He possesses great vitality, and can endure an extraordinary amount of labor with but little fatigue. This, coupled with his temperate habits, has caused him to wear his age so well that but few persons would place him even at forty.

—An Episcopal clergyman, who lately went to California by way of the Isthmus, and who between New York and Panama, had his first experience of sea sickness, has sent back, in a private letter to his friends, the most graphic description of that peculiar disease which we remember to have met with. "The first hour I felt as if I wanted to go ashore; the second hour I felt as if I should die; the third I didn't care whether I died or not; the fourth hour I was afraid I shouldn't die."

—Noah Spears, one of the oldest and wealthiest citizens of Paris, Kentucky, died at his residence in that city, last Thursday evening, after a brief illness. Mr. Spears was seventy-six years of age. In his early years he was noted for his rugged health and powerfully muscular frame. So forward was the development of his frame that he voted at the age of thirteen years, being supposed to be twenty-one. Trading to New Orleans, he used to sail out and walk back. Mr. Spears was the son of Solomon Spears, who emigrated from Pennsylvania, and the brother of Abram Spears, who was killed by a Federal soldier in 1862. At the age of seventeen he married Miss Maria, sister of Joseph Morris, of Bourbon county, she being slightly his senior. They had no children. Surviving her husband, the widow gets by his will, a large estate, he leaving all his property to her to use or dispose of as she sees fit. In his latter years Mr. S. was a strong anti-slavery man, and set many of his negroes free, locating them on good estates near Xenia, Ohio. He was one of the three in Bourbon county who voted for Lincoln in 1860.

FROM MEADVILLE.

The New Crawford Court House—Laying of the Corner Stone—Imposing Ceremonies—Address of H. C. Johnson, Esq.

Special Correspondence of Pittsburgh Commercial.

MEADVILLE, May 27, 1868.

This stirring, enterprising town has a population of almost twelve thousand souls. The town contains many fine churches, and the various denominations are fully represented. The early settlement of Meadville was made about 1800, and for many years this was a frontier trading post, in direct communication with the lakes. From a half dozen log cabins in 1800 it has progressed until it is now the center of a population of over one hundred thousand inhabitants. Woolen mills, oil refineries, grist mills, distilleries, breweries and the usual proportion of retail and wholesale business houses are carried on with great success. One of the leading features of enterprise is the daily newspaper, and is suggestive of the enterprise and public spirit of the people.

The first courts held in the county were under the Associate Judges, and in 1805, the sessions of the first regular court was opened, Hon. Judge Moore then being the President Judge. The old Court House, considered in early days a handsome edifice, was built in 1825. The new Court House was commenced last year, and the corner stone was laid to-day under the auspices of the Masonic fraternity of this place. The new building is after the Renaissance style of architecture, and is to be one hundred and fifty-six feet in length and eighty-two feet in width, surmounted with a handsome cupola or dome. It will contain a large and commodious court room, jury rooms, arbitration rooms, and offices for the county officials. The estimated cost is $175,000, and when finished, will be worthy the enterprise and taste of the people of the country.

Among the prominent persons present were the Hons. J. P. Vincent, Associate Law Judge; Wm. Davis and Wm. Crozier, Associates; J. T. Hutchinson, Esq., Right Em. G. Commander Knights Templar of Pa.; Pearson Church, Esq., District Dep. Grand Master of A. Y. M.; S. B. Dick, Esq., Em. Commander North Western Com. K. T.; A. B. Robbins, Esq., Dist. Dep. G. M. of Odd Fellows; O. H. Hotchkiss, W. C. P. of Odd Fellows. The judicial, legislative, county and borough officers, members of the bar, ministers of the various Churches, Knights Templar, Freemasons, Odd Fellows, firemen and citizens turned out en masse, and participated in the procession.

The procession, after parading the principal streets, proceeded to the foundation of the new court house. A beautiful triumphal arch was erected at the south-west corner of the ground, decorated with evergreens and flowers, and upon the keystone of the arch "234" and "208," the numbers of the Masonic Lodges of this place. After the grand officers passed through the arch, Pleyl's Hymn was sung, and Grand Master Church directed the Marshal to detail the architect to use the copestone. A prayer was then offered and the Grand Treasurer deposited in the box a copy of each weekly and daily newspaper of the county, G. L. proceedings of 1867, Dispensation of G. M. to Dist. Dep. G. M. Church to conduct Masonic ceremonies, copper, silver and nickel coins of 1868, invitations of County Commissioners for Crawford Lodge A. Y. M., to conduct the laying of corner stone with Masonic ceremonies; By-laws and roll of members of fire and hose companies of the place, &c. At the conclusion of which "America" was sang. The Grand Master then stepped down and tried the stone with the plumb, level and square, and found it true and trusty, and after striking the block three times with his gavel, handed the implements to Mr. Mathews, the architect, to superintend the work.

Hon. H. C. Johnson, the orator of the day, was then introduced and spoke:

He commenced by alluding to the custom of delivering addresses on such occasions. From the earliest times the custom was associated with the rearing of public edifices, laying of corner stones, and became a matter of certain formalities and civic demonstrations. When we reflect that these observances are mostly for public buildings, it seems fit that the public should be interested participants, and when the mind reverts to the fact that the deposits made in the stone itself are those to be entombed as historic memorials of the present for distant generations who may recover them after those walls have crumbled under the decaying influences of time, or been removed by the unforeseen exigencies of the future, the story of the past rises to inspire the pen rather than speculative imaginings.

In looking back to our settlement in 1785 much is found to attract interest. It involves many instances of marked history and the greatest names of our country as directly connected with our settlement. It brings out in bold relief the character of Lawrence Washington as one of the gifted leaders of young Virginia, and in his connection with George Washington in passing through this valley in 1753. It shows that Benjamin Franklin, whilst in England, mingled the teachings of "Poor Richard" in turning a penny in the wilderness, as the designer and principal in the Walpole chart. It accounts for the advance of a well appointed army of France to the waters of French Creek, of over 2,400 regulars with the munitions of war, and the reversal of the rich gems that France lost and England won.

The learned orator continued his resume of the unwritten history with that which has been written, and found its way into rare and almost obsolete works, and adverted to general history, showing that the early history of this section, extending from Pittsburgh to the lakes, forms one of the pivotal points of the American revolution, and its ultimate success. That the fire which was struck on French Creek was the beginning of the struggle which eventuated, thirty years afterward, in American Independence. The address is so intimately interwoven in its connection with historical facts, that it is impossible to give even a synopsis, and will bear a reproduction, as it unveils and sets at rest many points of history heretofore in obscurity.

Mr. Johnson's address elicited much commendation from the vast assembly, who listened to it with marked attention. Seldom, if ever, has an orator the gratification of so completely riveting the attention of his hearers, and fully satisfying them upon the early history of their country and its associations.

FROM NEW CASTLE.

Furnace Cinder Pavements—A Lesson from Experience—The Crops—Bishop Kerfoot—Improvements.

Special Correspondence Pittsburgh Commercial.

NEW CASTLE, May 27, 1868.

In your "Sharon letter" in this morning's COMMERCIAL your correspondent says that the enterprising City Fathers of Sharon, have contracted at twenty-five cents per load for spreading furnace cinders over the streets. The "City fathers" would have saved money had they before constructing inquired of their neighbors of New Castle in regard to furnace cinder as a road bed. We tried it here to our satisfaction some years ago, and found that the twenty-five cents per load for spreading it over the streets was a small part of the cost, as it cost considerable more to remove it again. It proved to be a perfect nuisance, not wearing well, and the dust almost intolerable. We are now paving with broken cobble stone, and think it next best to the Nicholson.

The crops in this county are looking fine particularly wheat and oats. The corn, on account of so much rain, is not all planted yet. We are looking for a fine crop of fruit. It is all O. K.

Bishop Kerfoot, of your city, administered the rite of confirmation in Trinity Church, of this place, last evening, and delighted all with an able sermon. All were pleased, and many were the regrets that the Bishop visited us so seldom.

New Castle is improving, many new buildings having been put up this spring, and many more under contract. Our rolling mills are running steadily, and doing a fine business. Our coal miners here are not yet on a strike, as they are in almost every other place near here.

The COMMERCIAL reaches us every morning by the hands of our friend E. M. Allen. It is acknowledged by all to be a live paper, and is taken by everybody, regardless of politics. It is the only paper in which we can get all the news. Long may it continue as well managed.

Yours, E. J. A.

FROM BEAVER, PA.

The Republican County Convention—The Popular Vote System—The Crops.

Special Correspondence of Pittsburgh Commercial.

BEAVER, PA., May 25, 1868.

The Republican Nominating Convention for Beaver county will be held in the Court House, in the "Athens of the county," on next Monday, June 2d. M. Weyand, Esq., ex-Prothonotary, will likely be nominated for Congress by acclamation, as also the Hon. Thomas Nicholson for Assembly. Mr. Nicholson was a worthy and efficient member of the last House, and has, I believe, the universal confidence of his constituents.

The popular vote system will be decided on that day also, as it has been submitted to the party. Considerable dissatisfaction has of late years existed in relation to the old delegate system.

The base ball season was inaugurated here on last Saturday, by a match game between the first nine of the Keystone Club, of New Brighton, and the Rough and Ready Club, of this place, resulting in an easy victory for the latter by a score of ten.

The prospects for an excellent fruit and grain crop all over the county are very flattering.

Yours, &c., KAPPA.

The Crop Prospects—The New Court House and Other Improvements.

Special correspondence of Pittsburgh Commercial.

CANTON, O., May 27, 1868.

The weather has become warm and pleasant, and all apprehensions of frosts have been dismissed. Crops are coming forward rapidly. Wheat never promised better. Oats and barley have been extensively sown and look well. Corn planting is about over. The grass crop will be more than an average.

The new Court House is being pushed forward, and buildings of all descriptions going up by the score.

The funeral of Captain L. S. Dilley, late of the Ohio *Repository*, takes place to-day, at three o'clock, from his residence on South Market street.

The Proposed Railroad Consolidation—A Protest.

SALEM, Ohio, May 26, 1868.

Respected Friends Commercial:

I notice your remarks in regard to a consolidation of the Pennsylvania Central and Fort Wayne roads. It is a subject of vital importance to Pittsburgh and the West, and should be avoided, if there are any fears of such arrangement, which I can not yet believe will take place.

I know, personally, there have been for some time, and still are under advisement by strong parties in New York, the preliminary measures to have ere long a new line from New York to Pittsburgh, under the control of a new company, and just what is needed, and if consummated, is just what the Allegheny Valley, the Fort Wayne road, Pittsburgh and the West require—a road second to none. I hope you will continue your influence in the premises.

Respectfully, ZADOK STREET.

ADJOURNED ORPHANS' COURT SALE.—By order of the Orphans' Court of Allegheny county, I will expose to sale by public outcry, on the premises, in Elizabeth township, Allegheny county, on THURSDAY, June 4, 1868, at 10 A. M., the Farm of the late Wm. L. McClure, deceased, containing 208 Acres and 20 Perches, strict measure, more or less, bounded by lands of John Pollock, Frederick Rhoads, Samuel Edmundson and Andrew McClure, and by the Monongahela river. There are about 24 Acres of Coal under the Farm, and it may be the outlet of a large body of coal lying back of it. The improvements are two two-story Frame Dwelling Houses, two Tenant Houses, Frame Barn, Frame Stable, Orchard, &c. 140 acres are cleared and the balance in woodland. This Farm is not surpassed by any in Allegheny county. It has a frontage of about 167 5-10 perches on the Monongahela river, and is convenient to schools and churches, being but 2½ miles from McKeesport and 3½ from Elizabeth. This property will be sold as a whole, or in two or more parts. Terms—One-third cash upon confirmation of the sale by the Court and the balance in two equal annual instalments, with interest, payable annually. The deferred payments to be secured by bond and mortgage. Purchaser to be at the expense of conveyancing and stamps.

Regular Meeting—The Duquesne Borough Representation Again—The Hope Fire Company's Apparatus—Board Walk on the Plank Road—Gas Lamps—Water Pipes—Iron Culverts—Old Business, &c.

A regular semi-monthly meeting of the Councils of Allegheny City was held on Thursday evening, May 28th, 1868, in their respective chambers, City Building.

SELECT COUNCIL.

JAMES McBRIER - - - - - President.
D. MACPHERSON - - - - - Clerk.

Councils came to order at eight o'clock.

On motion of Mr. HALL, the PRESIDENT being absent, Mr. RIDDLE was called to the chair.

The CLERK called the roll, when the following members answered to their names: Messrs. Black, Callery, Faulkner, Gang, Gwinner, Hall, John, Keefe, McDonald, Patterson, A., Phillips, Riddle, Reiter, Smith, A. D., Waite, and Wettach.

On motion of Mr. HALL, the reading of the minutes was dispensed with.

PETITION.

Mr. A. PATTERSON presented a petition asking for a change of grade on Hamlin street. Referred to the Street Committee.

Common Council concurred, provided the Committee have power to act.

REMONSTRANCE.

Mr. A. PATTERSON, also a remonstrance against the proposed grade of [illegible] street. Referred to the Street Committee.

COMMON COUNCIL BUSINESS.

The following business acted upon at a previous meeting of Common Council was then called up and concurred in:

Report of the Committee on Markets.
Petition against the opening of Fulton street.
Report of the Committee on Gas.
Report of the Committee on Fire Engines.
Resolution for a gas lamp at the corner of Sandusky Court and Robinson street.
One at the corner of Pike and Chestnut streets.
Fire plug at the corner of Ferry street and Red Oak alley.
Petition to grade and pave Peach alley.
Petition for water on Bellam street.
Communication from James Gordon.
Resolution relative to [illegible] by circus on Diamond Square.
Communication of Solomon Stamburg.

PETITIONS.

The PRESIDENT read a petition asking for the paving of Beech street. Referred to the Street Committee.

Also, a petition for water on Beech street. Referred to the Water Committee.

Mr. HALL presented a petition from the citizens on Fairmount street asking that the street be graded forty feet in width instead of sixty. Referred to the Street Committee.

Mr. REITER, a petition from the property holders on [illegible] street, asking that the street be graded and paved.

Referred to Street Committee.

Mr. A. PATTERSON, a resolution authorizing the erection of five lamp posts on the wharf between Locust and Walnut streets, also to have the wharf repaired.

Referred to Committee on wharves and landings.

Mr. KEEFE a resolution authorizing the appointment of Commissioners to assess damages for the widening of McFadden street, between the Western Pennsylvania Railroad and Rock Lane from sixteen to twenty-five feet.

Referred to Street Committee with instruction to report at next meeting.

THE EIGHTH WARD REPRESENTATIVES.

The resolution passed by Common Council at a previous meeting in regard to the members from the Eighth Ward was then taken up.

Mr. PHILLIPS moved to non-concur, which was carried.

THE HOPE FIRE COMPANY.

The resolution authorizing the Committee on Fire Engines to purchase the horse, harness and hose carriage of the Hope Company, passed by Common Council at a former meeting, was then taken up.

Mr. HALL moved to non-concur.

Mr. PHILLIPS stated that the company owned the horse, and as they had purchased him with their own funds, he thought it was nothing more than right that the city should purchase the animal, harness, and hose carriage.

Mr. GANG thought that the city should purchase, as authorized by the resolution, the property in question he said belonged to the company.

Mr. HALL stated that before the committee bought they ought to see what the same could be bought for and report the same to Councils.

Mr. GANG moved to refer it back to the committee.

Mr. HALL stated that the resolution empowered them to purchase, and he preferred to have a report from the committee in regard to the matter. He moved to non-concur.

Mr. PHILLIPS moved to refer it back to the committee with power to act.

The motion to non-concur was then adopted.

[illegible]

Mr. HALL moved to lay the communication of James Gordon, presented at a previous meeting of the Common Council, on the table.

Mr. [illegible] called for the reading of the communication, and said he thought it ought to go through Councils.

Pending a [illegible] the vote to lay on the table, Mr. McDONALD called for the yeas and nays.

Mr. GANG moved to refer it to the Finance Committee.

Mr. SMITH thought that it ought to be withdrawn.

Mr. HALL objected to the reading of the communication for the reason that it reflected in strong terms on the Chairman of the Committee on City Property, and until that gentleman was present he would object to the reading of the communication.

The motion to refer to the Finance Committee was carried.

THE EIGHTH WARD OFFICERS.

Mr. CALLERY asked if the officers of the Eighth ward, formerly Duquesne borough, elected and sworn in, were to be changed.

Mr. HALL stated that when Manchester came in the Council appointed some of its officers.

Mr. CALLERY said that when he came in it was with the understanding that the officers elected and appropriations made by the borough, before its annexation, were to remain unchanged.

Mr. HALL said that officers corresponding with ward officers would remain unchanged, but those corresponding with city offices, Councils had the right to appoint. He suggested that the gentleman from the Eighth ward offer a resolution of inquiry.

Pending the above resolution, Mr. PHILLIPS offered a resolution, instructing the Committee on Fire Engines to purchase a horse, harness, and hose carriage for the Hope company of Allegheny.

Mr. HALL said that was only going over the same ground as the resolution from Common Council provided for, and which had been non-concurred in. He objected and said he wanted to have a report of the Committee.

Mr. SMITH moved to refer the matter to the Committee on Fire Engines, with instructions to inquire if the hose carriage, &c., was not purchased with money raised by subscription from the citizens.

The resolution was so referred.

Common Council adhered to their former action, and asked that a committee of conference be appointed.

Mr. MOTHERAL moved that a Committee of Conference be appointed. The motion prevailed and Messrs. Smith and Black were appointed.

Mr. CALLERY then offered a resolution referring the matter of the officers of Duquesne borough to a Special committee, to be appointed by the Chair.

Mr. SMITH amended so as to read in conjunction with the City Solicitor.

Mr. HALL amended by referring the matter to the Finance Committee, in conjunction with the City Solicitor.

The resolution, as amended, was adopted.

Common Council non-concurred and asked that a Committee of Conference be appointed.

Select Council refused to appoint a Committee of Conference, and on motion the matter was laid on the table.

On motion adjourned.

COMMON COUNCIL.

JOHN S. SLAGLE - - - - - - President.
ROBERT DELWORTH - - - - - - Clerk.

Council came to order at eight o'clock, and in the absence of the President, on motion of Mr. HANNA, Mr. McNEILL was called to the chair.

The CLERK called the roll, when the following gentlemen were found to be present: Messrs. Brown, Comley, Clark, Fleming, Groetzinger, Hanna, Hastings, [illegible], Kennedy, Kunkle, Lindsay, Megraw, Mayer, McDonald, McNeill, Oler, Richardson, Reynolds, Reel, Sands, [illegible], Tate, Yeagley, White and Warner.

The minutes of the last meeting were read by the CLERK and were approved.

THE GAS LAMPS IN THE THIRD WARD.

Mr. HASTINGS offered the following resolution:

Resolved, That the Gas Company be requested to have the gas lamps put up in the Third ward, which were ordered last year, before any other ones ordered after that time.

The resolution was referred to the Gas Committee.

IRON CULVERTS.

Mr. HASTINGS also offered the following:

Resolved, That the Street Committee be instructed to have iron culverts put down on North avenue, in place of the wooden ones now in use.

Referred to the Street Committee.

GAS LAMPS.

Mr. HASTINGS also offered the following:

Resolved, That the Committee on Gas be instructed to have a gas lamp placed on the south-east corner of White Oak alley and Locust street, Third ward.

Referred to the Gas Committee.

BOARD WALK ON THE PLANK ROAD.

Mr. GROETZINGER presented a petition from the citizens of the Eighth ward praying that a board walk be laid along the Butler Plankroad, from opposite the Island Bridge to the foot of Troy Hill Road. Referred to the Street Committee.

LAMP POSTS.

Mr. WARNER offered the following resolution, which was adopted:

Resolved, That the Gas Committee be and are hereby directed to place lamp posts in the Eighth ward in places where they are authorized by Councils.

THE HOPE APPARATUS.

The resolution adopted by Common Council at the last meeting authorizing the purchase by the city of the horse, hose carriage and harness of the Hope Fire Company, having been non-concurred in by Select Council, it was called up for further action.

Mr. YEAGLEY moved to concur in the action of Select Council. The motion was not seconded.

Mr. CLARK moved that Council adhere to their former action.

Considerable discussion ensued on the motion, which was participated in by Messrs. Hanna, Megraw, Clark and Comley, in favor, and Mr. Yeagley against.

Mr. HANNA moved to amend Mr. Clark's motion by asking for a Committee of Conference.

Upon the question being called, the motion as amended was adopted, and Messrs. Clark, Hanna and Yeagley appointed a Committee of Conference on behalf of Common Council.

Select Council concurred and appointed Messrs. Smith and Black.

The second resolution, originating in Select Council in regard to the same matter, which was referred to the Committee, was then taken up.

Several motions and amendments were made, when a motion was finally adopted to non-concur in the action of Select Council.

THE DUQUESNE BOROUGH DELEGATION.

The resolution adopted by Common Council at their last meeting, appointing a special committee to inquire into the right of which sets of Council from the Eighth ward are entitled to seats, and which was non-concurred in Select Council, was called up.

Mr. HANNA moved to recede from their former action and concur in the action of the Select Council.

Messrs. MEGRAW and TATE spoke against the motion and hoped that the matter of Council elections in Duquesne Borough be investigated, and the proper persons admitted to seats in Council.

Upon the question being called the motion was lost by a vote of 11 nays to 5 yeas.

Mr. MEGRAW moved to non-concur with the action of Select Council and ask a Committee on Conference.

Mr. HANNA called for the yeas and nays on this motion, which resulted as follows:

Yeas—Messrs. Brown, Comley, Clark, Fleming, Hastings, [illegible], Kennedy, Kunkle, Megraw, Mayer, McNeill, Reynolds, Reel, Richardson, Sands, Tate, Yeagley, White and Warner—19. Nays—Messrs. Hanna, McDonald and Oler—3.

The President decided that the motion to non-concur with Select Council was carried, and appointed Messrs. Megraw, McDonald and Hanna, as a Committee of Conference on behalf of Common Council. In Select Council, laid on the table.

WATER PIPE ON BIDWELL STREET.

Mr. McDonald offered the following:

Resolved, That the Water Committee be instructed to have a four inch water pipe laid on Bidwell street, from Franklin street, northwardly one hundred and fifty feet.

Referred to the Water Committee.

THE HOPE MATTER—REPORT OF COMMITTEE.

Mr. HANNA, from the Committee of Conference in relation to purchasing the apparatus of the Hope Fire Company, reported that they had thought best to refer the matter back to the original committee with instructions to ascertain the facts concerning the hose and carriage, and report back to Councils. The report was accepted.

In all of which business, not otherwise noted, Select Council concurred.

Councils then adjourned.

New Leaf Tobacco and Cigar Depot, No. 8 Sixth Street.

Manufacturers and dealers in cigars in Pittsburgh and surrounding country will be glad to learn that the old and well known house of Julius Allen, 172 Water street, New York, has established a branch house in this city. We refer to the advertisement on the second page. Mr. Daniel F. Dinan is the business manager of this establishment, and persons interested will find him a perfect gentleman in every respect, courteous, honest, and thoroughly posted in his business. There is no more need of sending abroad for stock in this line, as Mr. Dinan has a complete assortment of both the leaf and the choicest brands of cigars at the lowest Eastern prices. Dealers should open communications with him immediately and learn for themselves the advantage to be derived from having such an establishment in our midst.

Household Furniture at Auction.

A great variety of superior Furniture, Brussels Carpet, Pianos and Household goods, will be sold at auction at the private residence, No. 117 Penn street, on Thursday, June 4th, at 10 A. M. See advertisement of Palmer & Phillips.

La Belle Steel Works.

By reference to an advertisement on our second page it will be seen that the old and well established house of Reiter & Co. have their works in full operation, and are prepared to supply the trade with the articles manufactured by them. They produce steel springs, axles, tyres, cutter bars, rake teeth, and every other article required to be made of steel. They are an old and thoroughly experienced firm, and have always borne the reputation of being as true as steel themselves. Whoever, therefore, wishes to open communication with a house of this character, need have no hesitancy in addressing them confidentially. They will find it greatly to their advantage to do so.

Public Sale of Improved Property On Ohio Avenue, Allegheny, this Day.

Special attention is invited to the sale this afternoon, at two o'clock, of Mr. Jonathan Gallagher's residence, on Ohio avenue, Allegheny City. Such a large and beautiful lot is exceedingly desirable and rarely to be had at a reasonable price. It contains almost an acre. The house is capacious and substantial. It is a delightful place of abode and well worthy of special attention. In case of rain the sale will take place inside the dwelling. A. Leggate, Auctioneer.

Handsome Residence and Building Sites.

To-morrow (Saturday), May 30th, at 2½ o'clock P. M., on the premises, the residence of Col. James Grey, together with six handsome building sites adjoining, located on the New Brighton Road, 2½ miles from the city line. This is the most desirable and valuable property that has been in the market for years and it is indeed a rare opportunity to purchase a country home or building site. City gas in front of property. Ten minutes' walk from street car and Woods' Run Station, Pittsburgh, Fort Wayne and Chicago Railroad. Will be sold without reserve. See advertisement of Smithson, Vanhook & McClelland, auctioneers.

Headache.

From whatever cause, is one of those unpleasant symptoms not easily borne nor speedily relieved. Wilson's Pills are peculiarly effective in relieving it. All the leading druggists in the United States sell them.

The Dew Drops.

Which the creator's infinite power supplies every night, prepare the earth for the bursting forth of the sun, the rain, which penetrates the earth, clears away obstructions, and the snow acts as a tonic, producing immediate circulation, and bids the dead earth leap into new life. In like manner does the Great Household Remedy, Mishler's Herb Bitters, demonstrate its wonderful powers. It prepares the human system for the change about to be wrought in its conditions; its virtues as a tonic produce the most desirable and immediate results in purifying the blood and equalizing its circulation throughout the whole body, and it clears away every obstruction to vigorous health, absolutely driving out disease, no matter how brutal, where it is located, or what its character. It has been established as a fact beyond doubt or cavil, that there is not an organ of the human body it will not affect, or a disease it will not cure, if taken in time and according to the directions accompanying each bottle. Sold by all druggists and dealers. Dr. S. B. Hartman & Co., proprietors, Lancaster, Pa. wws

Nature is the Great Physician

This is now admitted, by the medical profession, as a fundamental principle of healing science. It is wisely provided by the human economy that whenever anything is wrong in the physical system the natural forces of the body are brought to bear to expel the disease. The great aim, therefore, is to strengthen the natural powers. This has been kept in view by the skillful compounders of HOSTETTER'S STOMACH BITTERS, which operate to give fresh vitality to all the organs of the body. The effect of this medicine upon the stomach, the liver and the kidneys, is prompt and decisive. The patient who is wise enough to quit drugging and try the BITTERS, soon feels as if he had taken a new lease of life, and as he continues the use of the article, he is overjoyed to find the streams of health coursing through his frame. It is prepared with great care, and its component parts are entirely vegetable. It is free from the objections so often urged against preparations of this kind. As a MEDICAL AGENT it has no equal, while its pleasing flavor and healthful effects have made it a general favorite. It is free from all properties calculated to impair the system, and its operations are at once mild, soothing and efficient. All who have used HOSTETTER'S STOMACH BITTERS attest its virtues and commend it to use.

Even those who are in the enjoyment of perfect health frequently have need to have recourse to tonics as preventatives of disease. We are never too well armed against the assaults of "the ills that flesh are heir to." In health or sickness this tonic cannot be taken regularly without giving vitality and elasticity to the system.

DYSPEPSIA! DYSPEPSIA! WHAT IS IT! HOW CURED!

Dyspepsia is our National Disease—weak stomach, feeble digestion, distress after eating, costive habit, billious condition. How many suffer with it and its attendant symptoms of low spirits, bad taste, coated tongue, obstipated head, and attacks of headache! Yet how few know how to cure it! Generally, because the bowels are constipated, resort is had to cathartics or laxatives. But such a condition was never cured by cathartics, whose only office is to weaken the digestion, and impair the integrity of the entire assimilative system. But HUMPHREY'S HOMEOPATHIC DYSPEPSIA PILLS—a simple medicated sugar pill—have cured hundreds of the worst and most obstinate cases. This is done simply by improving the tone, and restoring the integrity of the digestive organs, from which result, good appetite, regular habits, a clear head, and buoyant spirits. Such a medicine is a gem, and only requires to be known to be appreciated.

Price, 25 cents per box, with directions. Six boxes, $1 25.

FINANCE AND TRADE.

THURSDAY EVENING, May 28.

The continued increase in the supply of money at the East, with a practically unrestricted tendency to lower rates, has stimulated the market for United States securities, the demand being not only for home investment, but the recent advance in London has also caused a strong and active market for foreign account. It is stated that many millions of the bonds, especially of the '62s, '64s and old '65s have been purchased within the last month by the foreign banking houses at New York. The best informed men in these houses, noting the recent temper and tone of the English and continental markets, entertain the view that our bonds will be quoted at London as high as par by this time twelvemonth.

The great controlling fact in the government bond market, to-wit: that the government will in sixty days cease to be a seller and have no more bonds to issue, was foreseen and acted upon by the great bankers of Europe at a date when it was hardly mentioned in print this side the waters.

After the 1st of July the United States, under the law, will become a purchaser instead of a seller of its own securities, and thus the market will be no longer fed by government issues.

The demand thenceforth operating on a supply no longer elastic and expanding but rigid and fixed, must, on ordinary principles of commerce, enhance the price so soon as it is seen that the demand itself is almost limitless, taking into connection the steady appreciation of our bonds abroad, as well as the fact that more and more capital on this side, of savings banks, trust companies, orphan estates, &c., is tending, month by month, to investment in the national securities.

No slight increment of the demand will come from the earnings of the bonds themselves. These will amount to one hundred and twenty millions gold annually—say one hundred and sixty-eight millions currency, at the present figures of premium—disbursed mainly in July and January, and May and November. This fund will naturally incline for investment to the source from which it was earned, and thus furnish a new demand annually for Government bonds, in volume equal to one-seventeenth of their amount.

To this might be added a good proportion of the dividends and interest of corporations of all sorts, many millions of dollars annually and quarterly, a part of which will recur to Government bonds as the best and safest medium for bringing steadily remunerative returns.

There is a sensible improvement in the tone of our local money market within a few days. Negotiations are made readily and at more favorable rates.

Gold is steady at 139⅝.

—The New York railway market is strong and buoyant. Central sold at 133¾; Erie 72½; Fort Wayne 114¾; Northwestern preferred 80½; and indeed the entire list is advancing. A few spasmodic attempts are made to resist the great impulse, but the bears are generally punished for their temerity, and we look forward to those bright promises of a good time coming, so long predicted. Every incident favors activity in business. The impeachment imbroglio is over, the government finances are in a prosperous condition.

—The following comparative statement, furnished by J. W. Kennedy, Broker, 90 Fourth street, shows the range of prices for the past week at the New York Stock Board:

[illegible]

—For express stocks the quotations compare as follows:

[illegible]

—The demand for Government securities is somewhat weaker to-day, and is probably on the wane. It is learned from an official source that the entire issue of three per cent. securities of the Government have all been taken up. It is said that no more certificates will be issued, but it is suggested that the fact above given will be a strong argument in favor of gradually funding the whole debt in consols at three per cent.

—Messrs. James T. Brady & Co., bankers, corner of Fourth and Wood streets, furnishes the following closing bids for gold and Government securities:

Gold, 139⅝; U. S. 6s, 1881, 115¾; U. S. 5-20s, 1862, 111⅝; do 1864, 109⅝; do 1865, 109⅞; U. S. 10-40s, 105⅝; U. S. 5-20s, January and July, 1865, 111⅛; do 1867, 111⅛; June 7-30s, 109; July do, 109; May Compounds 1865, 119·40.

Messrs. Ira B. McVay & Co., report the following quotations of Government bonds in New York to-day, as furnished them by Jay Cooke & Co., their correspondents:

[illegible]

—The recent discussion as to the demerits of the Fort Wayne and Chicago Road, has elicited from official sources the following figures bearing upon the substantial merits of the road as a ten per cent. property—a rate which it has steadily paid since 1863.

PITTSBURGH, FORT WAYNE AND CHICAGO COMPANY, MAY 23.

[illegible]

The income account has been charged for construction, expenditures for new work and equipments, as follows:

[illegible]

The condition of the line and equipment is excellent in comparison with any road west of the Alleghenies, and the property which represents the increased investment is shown by the comparison in part:

[illegible]

Meanwhile the whole line has been relaid with new or re-rolled iron and new ties, cost and charged to current expenses.

[illegible]

Many more figures might be added, but the foregoing are near enough for exactness. They serve to show that even for the "bad year 1867" the $5,000,000 increased net investment enhanced the earning power of the capital, and that the cost of the road stands par in gold on the Company's books.

By the following it will be seen that the earnings during the first four months of 1868 are net $906,000, or just about the whole year's interest on debt and the annual contribution to Sinking Fund:

Earnings compared for	1867.	1868.
Jan. 1 to April 30	$2,286,000	$2,569,000
Expenses	1,601,000	1,663,000
Increase to net earnings, 4 months, 1868		280,000

Compared with other roads:

	Capital Stock.	Funded Debt.	Miles.	Cost per Mile.
Michigan Central	$4,670,666	$7,288,983	285	$53,823
Mich. Southern	10,446,300	9,628,440	524	37,566
Illinois Central	23,362,300	10,544,500	708	47,333
Chicago & N. W.	29,021,621	16,251,000	1,152	38,431
Rock Island	9,100,000	8,068,000	452	37,984
Fort Wayne	11,508,000	12,569,000	468	51,428

NOTE.—The earnings of the above Roads per mile for the first quarter of 1868, January 1 to March 31, were as follows:

Michigan Central	$3,419	Northwest	$2,062
Michigan Southern	2,084	Rock Island	2,653
Illinois Central	2,002	Fort Wayne	3,732

—Richard L. Irwin, late of the First National Bank of Franklin, has been appointed Cashier of the banking house of George H. Bissell & Co., Oil City, Pa., in place of John B. Candy, resigned.

PRODUCE AND GENERAL MARKETS.

OFFICE OF THE PITTSBURGH COMMERCIAL, THURSDAY EVENING, May 28, 1868.

Our general markets are without much animation. The majority of our merchants and business men consider the spring trade about over, and from this we look for very few and small transactions. Since our last we have no material change in prices to note in any branch of trade.

The receipts of leading articles of produce per river and rail since our last were as follows: Flour 600 bbls; apples 40 bbls; cheese 112 bxs; corn 448 sacks; rye 126 sacks; oats 451 sacks; butter 22 packages and bulk meats (loose) 1,457 pieces.

We quote as follows, which are the wholesale store prices unless otherwise noted.

APPLES—Choice are scarce. We quote prime to choice at $6@7 50 ℔ bbl, as to quality and quantity.

BACON, LARD, ETC—Market steady. We quote sugar cured hams 19½c; canvassed do 20@20½c; shoulders 14@14½c; rib sides 16½c; clear sides 18c; dried beef 23@24c; and lard 19@19½c ℔ lb.

LARD OIL—Demand fair at $1 50@1 52 for extra No. 1, and $1 25 ℔ gal for No. 2.

BUTTER—Continues very dull, with a supply largely in excess of the demand; sales of good to strictly prime roll at 20@25c.

EGGS—Steady at 22c.

DRIED FRUIT—Is dull and weak but unchanged; sales at 7@8½c for apples, and 11@14c for peaches.

POTATOES—The market is very dull under the influence of increased receipts, and prices are weak and drooping. We now quote at $1 35 for Prince Albert's, and prime peach blows at $1 40@1 45.

HAY—On the wharf sales of 100 bales hay at $21@23 00; 27 bales at $21 00, and 20 tons at $20 00 ℔ ton.

SEEDS—Flaxseed is in demand and scarce. We quote at $2 50@2 55 ℔ bush. There is no demand whatever for either clover or timothy seed.

HOMINY—Dull and unchanged at $6@6 25 ℔ bbl.

GRAIN—Winter wheat, notwithstanding the offering and supply is light, is dull and prices are drooping; we have a sale of prime red reported to-day at $2 32. Oats dull but firm and scarce; we continue to quote at 85@86c. The only sale of oats reported on the wharf was one of 275 bush at 85c ℔ bush. Corn is dull but unchanged at $1 05@1 10—the latter figure for prime yellow. Rye cannot be quoted above $1 85@2 00. No barley in market.

FLOUR—The market was more active to-day, but prices remain unchanged. We have reported sales of the following brands: Dayton Snow Flake $12 75; Jenkin's Lilly Mills $11 75; Ford's $11 25; medium brands $10 50@11 00, and low grades $9@10 ℔ bbl. Rye flour sells at $11 ℔ bbl.

PITTSBURGH OIL TRADE.

OFFICE OF PITTSBURGH COMMERCIAL, FRIDAY, May 29, 1868.

BUSINESS—The market yesterday was devoid of activity, buyers are still inclined to hold off. The result is we have but few operations to notice. The difference of opinion between buyers and sellers has hung on for a longer time than usual. The dispatches from the East furnish the following: Philadelphia market inactive and quiet. The nominal rates were: Prime light straw to white, 27c; Standard white, 28c; crude, including packages, 17@17½c. New York—Market quiet. Prime light straw to white, 30½c; standard white, 29½c; crude, bulk, 13½@14c ℔ gallon. Oil City—Dull, demand limited; prices unchanged.

CRUDE—We have seldom noticed less disposition to operate; buyers are offering 10c for spot; sellers want the other half cent. We could observe no disposition to give way by either party. The only sales that came under our notice were 2,000 bbls bulk, seller's option, June, 10½c, and 2,000 bbls bulk, at any time previous to December 1, seller's option, 10c ℔ gallon.

REFINED OIL—The market was dull; dealers still apart in their views. The entire operations yesterday, so far as we could ascertain, amounted to 1,500 bbls: 1,000 bbls Standard white, Philadelphia, first half of June, 28½c; 500 bbls do, last half of June at 28½c ℔ gallon.

ALLEGHENY CATTLE MARKET.

OFFICE OF PITTSBURGH COMMERCIAL, THURSDAY, May 28, 1868.

CATTLE—The market was well supplied. The high prices obtained for the past two weeks had the effect of stimulating dealers to send in a supply. The result was seven hundred were among the offerings at the yards, besides, the cattle offered, generally speaking, was of a good quality and sold readily at remunerative prices. Among the sales were several car loads sold for the east, and were shipped as soon as purchased. Stock cattle were scarce. Quite a number of purchasers were obliged to go away without procuring what they wanted, owing to the limited number for sale. Now is the time to send in your stock cattle as the present prices will not hold out much longer. The rates for the various kinds were: Prime fat cattle $9@9 75 ℔ cwt; medium $8@8 50; stock $6 50@8 50. Fresh cows sold at $40@80 ℔ head.

The operations for the past three weeks were:

May 14	[illegible]	[illegible]
May 21	[illegible]	[illegible]
May 28	[illegible]	[illegible]

The above shows an increase in sales of [illegible] head.

SHEEP AND LAMBS—The market contained a fair supply, mostly, however, of an inferior quality. There was a good demand for prime fat mutton at good prices. As usual inferior was neglected. Lambs were in good supply. All good parcels sold readily at prices ranging from $2 00@3 00 ℔ head. From this it would seem that butchers are paying more attention to sheep than cattle. The sales reported were as follows:

Jacob Kimmill sold 95 head of Butler county lambs at $2@3 ℔ head, and 15 wooled sheep at $4 50.

Garwin & Co. had 115 head; sold sheep at $2 50@5 00 ℔ head, and lambs at $2 00@3 50.

Butler reports 50 head Butler county lambs at $2 00@3 00 ℔ head.

Martin Hamer reports 80 head sheep and lambs, at an average of $3 50 ℔ head for sheep, and $2@3 for lambs.

Blakely & Bro. sold 41 head good wooled sheep at 6@6½c ℔ lb.

McMillan & Kerr report 104 head Washington county sheep at 6@6½c.

Emerick & Co. report 80 head Pennsylvania sheep at 5 to 6½c.

Ryan & Co. sold 22 head of extra sheep, averaging 110 lbs, at 8c; 20 head at 7½c, and 15 at 7c.

Shanamental & Flinner sold 80 head Butler county lambs and sheep at $3 50 ℔ head for the former and $6 for the latter.

Adam Eckert reports 74 head Pennsylvania sheep at 4 to 6½c.

Aull & Myers had 164 head on sale, but when we left the yards they were nearly all unsold.

J. Walter sold 22 head at $3 00@4 00 for sheep, and $2 00@3 00 for lambs.

HOGS.—The demand for this class of stock continues light, being restricted entirely to supplying the immediate wants of the retail trade; there was but a single wholesale operation reported. Werntz & Hensely sold 1 car load to Rothchilds & Byers at 9¾@9½c, we cannot say which. In a retail way quotations may be fairly given at 9@10c, as to quality and condition.

TRANSACTIONS IN CATTLE PER CWT.

We are reported the following transactions:

M. Verner reports sales of 24 head Chicago steers, at $8 90@9 00 ℔ cwt.

Myers & Needy reports sales of 75 head of Chicago steers, at $8 75@9 50 ℔ cwt.

PENNSYLVANIA CENTRAL STOCK YARDS.

OFFICE OF THE PITTSBURGH COMMERCIAL, Thursday, May 28, 1868.

CATTLE—The market contained a very light supply. The offerings, however, were of good fat cattle, which sold readily at good prices. The receipts at the yards were large. Among the shipments we notice 42 car loads to New York. This left the market pretty bare. The sales, however, show a material advance in prices over last week's figures. The sales for the past three weeks were:

May 14	294	$5 62@9 50
May 21	200	5 50@8 75
May 28	140	8 00@9 50

The sales show a falling off amounting to 60 head. The advance in prices were large.

SHEEP—The yards contained an abundant supply of sheep. The sales were large but at a material decline in prices from last week's figures. On Wednesday the pens contained upward of 12,000 head. Prices tended downward. Eastern buyers purchased sparingly. Sheep averaging 85 lbs sold at $4 ℔ head, and small lots sold at $3. On Wednesday 25 double-decked cars were shipped East. The operations for the past three weeks were as follows:

May 14	10,697	$3 25@7 40
May 21	13,575	5 00@8 00

Iron at New York.

Scotch pig remains dull, the demand at present, according to the *Shipping List*, being very light, but prices are without change. Sales 300 tons Glengarnock and 100 do Langloan both at $39, ex-ship; and 100 do Gartsherrie, ex-ship, on terms we did not learn. No. 1 American pig is still scarce, and may be quoted at $39@40, but there is scarcely any demand, and we only notice 50 tons Allentown at $40. The other qualities are relatively plenty, but for these also the inquiry is very light; 500 tons No. 2, ex Crane, sold at $35; and 1,000 do same, supposed between $35 and $36; we quote No. 2 at $36@37. The sales of forge are 2,000 tons Lehigh recently at $31; 500 do part Crane, and 1,000 do Virginia, on terms we did not learn. Of other kinds we notice 2,000 old English rails, T and double head to arrive, June, July and August shipments, on private terms; 250 do old double-headed, before arrival, $32 85, gold; 75 do old T at $46 50 cash; and 50 do old horse shoes, on terms not transpired. Bar from store continues inactive and prices are without change. Galvanized sheet is selling at 25 per cent. off the new list.

MATTERS AND THINGS ALONG THE WHARF.—Business was not very active on the landing. The weather, however, was unfavorable on account of the rain. The J. N. McCullough left for Cincinnati with a fair trip. The packets are daily growing in favor. The St. Charles came in from Cincinnati with a good trip. She returns to that point this day at five P. M. on her eleventh trip, having never failed to leave on time. The Delaware left for Nashville with a fair trip. The Lorena is due, and will no doubt be found at the landing this morning. The packet Messenger leaves positively for St. Paul and intermediate ports this day. The packets to Brownsville are making their regular trips. Both lines are making great exertions to accommodate the traveling community. The Argosy is announced for Cincinnati and Louisville.

THE regular Wheeling packet Ingomar, Captain Kemple, takes her departure at 11 A. M.

THE packet Delaware, Capt. Calhoun, left for Nashville with a fair trip and engagements below.

THE R. C. Gray passed Cincinnati on Tuesday on her way to Louisville.

THE towboat Grand Lake arrived at New Orleans on Friday, with 225,000 bushels coal.

THE towboat Simpson Horner arrived at Louisville on Monday, four days out from Vicksburg.

WE are indebted to the officers of the steamer St. Charles for attentions to this office. This fine packet leaves at 5 P. M. for Cincinnati and way points.

THE Parkersburg packet for this day is the steamer Bayard, Capt. Shepherd, leaving at noon. Passengers will bear this in mind.

THE steamer Havana, from Nashville to Cincinnati, has for J. Dickey, Pittsburgh, 704 sacks corn and 21 hhds tobacco.

THE steamer Messenger, being detained by bad weather, did not get off last evening, and will receive freight to-day.

THE fine passenger steamer Messenger, Captain Jesse Dean, is loading for Cairo, St. Louis and St. Paul in connection with the Northern Packet Line. For speed, accommodations and attentive officers this boat stands A No. 1.

THE punctual passenger steamer Argosy, Captain L. Vandergrift, takes her departure this day for Cincinnati and Louisville. The Argosy will also receipt for Memphis and New Orleans freight. Mr. Scott, who has charge of the office, will see that passengers have the best of attention.

SPECIAL NOTICE.—The first-class passenger steamer Messenger, Captain Jesse Dean, takes her departure this day positively for St. Louis and St. Paul. This boat is well found in every respect, and is in charge of as clever and gentlemanly officers as can be found.

HO FOR PORTSMOUTH.—The far famed packet Robert Moore, in charge of Commodore Kerr, takes her departures this day at 4 P. M. for Marietta, Parkersburg, Ironton and Portsmouth. This boat runs regularly in this trade, has the best of accommodations, and is in charge of as clever a set of officers as can be found. Our old friend Anderson does the honors in the office with credit and profit for the owners.

THE little propeller Carrie Williams, in command of Captain Louis Krutz, coming up from Louisville bursted her supply pipe when passing Petersburg, Kentucky, yesterday morning about five o'clock. Four little children of Captain Krutz were sleeping right forward of the boiler, and one of them, a girl about twelve years of age, was severely scalded. Mr. Wm. Waters, of Florence, Indiana, was also scalded severely.

THE magnificent sidewheel passenger steamer St. Charles, Captain C. A. Dravo, takes her departure to-day for Cincinnati and all way points. This boat has very superior accommodations, and is gaining in popularity every trip. You are sure to find her on hand and ready to leave at the time advertised. The first clerk is our old and very attentive friend, Captain A. Robinson, an officer who stands at the head of the profession. Call early and secure a stateroom.

RED RIVER has risen twelve inches during the past week, and is now within three and a half feet of the highest water mark of last April. The river rose one inch on Thursday night. Upper Red River is certainly falling as far down as Long Prairie, but we may look for a rise of at least four inches at this place before the river begins to fall. All the low plantations are more or less submerged, but the highest places are uninjured. The prospect for a crop on the hills and on the best river places is very good.

ST. LOUIS, May 26.—D. N. Greenleaf formerly of Wheeling, takes charge of the Barge Company's business, at New Orleans, Captain Burdeau having resigned. Arrived—W. F. Curtis and Armenia. The Silver Cloud left last night for Pittsburgh with a good trip. The Princess left for Buford with Government freight of the Hazlett contract, and the Agnes is loading for a rise. The Luminary enters the Vicksburg trade. The Mississippi and Forsyth were brought in for the Atlantic Company. The Missouri is falling rapidly at St. Joseph, and slowly at Omaha, with difficult navigation. The lower Missouri is in a bad condition. The Shreve was aground two days at Stanley, and reshipped her passengers. The upper Mississippi is steadily falling from Saint Paul. Freights advanced at Dubuque to 10 cents per 100.

NEW ORLEANS.—We find the following in the *Bulletin* of the 23d:

The receipts of the day embraced 7,141 bbls flour, 200 bbls meal, 27 hhds tobacco, 10,214 sacks corn, 4,659 sacks oats, 1,288 sacks bran and 457 sundries—in all, 24,019 packages per Kellogg and barges, from St. Louis; 119 bales cotton and 1,288 sacks seed cotton per Gen. Quitman, from Vicksburg; and 9 coal boats, containing 225,000 bushels coal per Grand Lake, from Pittsburgh. Arrived—Kellogg and 3 barges, from St. Louis; Bart. Able and Lafourche, from Shreveport; Gen. Quitman, from Vicksburg; Aloe, from Lower Coast; Grey Eagle from Bayou Sara; Peerless, from Arkansas River; and Grand Lake, from Pittsburgh. Departed—Kellogg and barges, to St. Louis; Iberville, to Bayou Sara; Thomas Powell and Nina Simmes, to Bayou Lafourche; and A. G. Brown, to Lower Coast.

ST. LOUIS.—The Naples packet steamer Belle of Pike, bound to this port from Naples, on Saturday night, a short distance below Grafton, collided with the Northern Line packet Reserve. Both boats were "backing" strong when they came together, and as a consequence the damage is but light. The Belle was struck on the larboard quarter, about the forward end of the boilers, and about ten feet of the "nosing" of the main deck guard was carried away. As the Reserve struck "head on," it is supposed she was not injured at all. An investigation by the Local Inspector will determine how the accident happened, and who is to blame.

We learn that the contract for transporting United States army supplies between this city and New Orleans, for the twelve months commencing June 1st, has been awarded to Captain John N. Bofinger, late superintendent of the A. and M S. S. Co.

CAST STEEL SAW

And Your Mill will do Good Work
Our Saws are Oil Tempered, Patent Ground, made to Run well.
You will find each Saw of one temper, no hard and soft spots in the same saw.
We accomplish this by our Patent Tempering Process, and you can not get this from any other saw maker, as we own the patents for the United States.
We do not claim to make a cheaper Saw than any one else, but one that will run at the word *go*, and will give no trouble, and will keep round longer; because being uniform with temper, it will not wear on one side faster than the other.
We invite correspondence, or an interview with the practical man of your firm.

Residence and Building Sites,
NEW BRIGHTON ROAD.
Saturday, May 30th,
On the premises, at 2½ o'clock P. M., will be sold by auction, that very handsome and desirable residence and grounds of Col. James Grey, located on the New Brighton road, McClure township, two miles from the city limits. The mansion is a frame building, commodious and convenient with every facility desired. Plenty of good water. The gronds have been divided into six splendid building sites, ranging from 1½ to 2 acres. Lots fronting on Brighton road. The land is very superior, is under the highest cultivation, abounds with a variety of choice Fruit Trees, &c., neatly enclosed with paling fence. The Allegheny Gas Company's pipes are laid in front of all the above property. The New Brighton road is one of the most fashionable thoroughfares leading from the city, and is lined on both sides with beautiful residences. The property is within ten minutes walk of the Street Passenger Cars, and the Wood's Run Station on the P., Ft. W. & C. RR. Plank walks to both stations. This is indeed a rare opportunity to secure a handsome building lot, having the comforts of city and country combined. Will be sold as a whole or in lots to suit purchasers. Plans at
